

PERRYVILLE – SITE REPORT – FEBRUARY, 2020

**To: Ty Mase, Superintendent
Kasie Luke, Director of Personnel
School Board Members**

**From: Rob Fagerquist, Head Teacher
R. Luthi, Site Mentor**

Outstanding Activities and Events

This month saw many of our best laid plans thwarted by weather. Right at the start of the month, our basketball team had to skip their flight to Kokhanok for the North-South Jamboree due to high winds here in Perryville. Next, our preschool teacher Audrey O’Domin missed a conference in Anchorage, also due to weather. The school photographer was not able to make it here as planned – more rough weather. Megan Maloney had planned to go to Juneau for the Literacy Grant at the end of the month, but also had to scratch her plans due to cancelled flights.

On the plus side, our basketball team made it out (February 27th to 29th) to Naknek for a make-up meet for the missed jamboree and had a great time playing ball and splashing at the pool. The team also put on a Community Scrimmage before they left where student government sold Pizza-by-the-Slice, soda, and nachos. A fine time was had by all. Furthermore, our student government organized a Valentine’s Day Dinner on Friday the 15th, which was also a great success. The students heard many compliments from parents and community members, raised some money for our planned school trip, and, most importantly, came together as a team and had a fantastic time. It was quite impressive to see.

Personnel

Five members of our staff took part in a Saturday afternoon CPI training session. All is well with the staff. We are also excited share that all three certified staff will be returning for the 2020-2021 School Year!!!!

Standards Based System

We are largely on, or ahead of schedule. It looks like we are well on our way to a successful year. That being said, we are well aware that time is accelerating and we still have a number of projects to complete.

Curriculum

We are passing levels at this point. To date, we have five students who have passed their math end-level and moved on to the next course. We’ve also had five writing levels passed in the high school, and completed all the requisite writing projects in the middle school class. The elementary classroom keeps plugging along. They are getting a lot of writing done as well. Our preschool has been concentrating on counting – and it shows.

Technology

All is well with our technology. We replaced two fans on the DRS server rack. Otherwise, our laptops and other devices are hanging in there.

Facility Update

Ron Richter recently spent a week here working on numerous work orders. We received a new pane for a broken window in the teachers’ quarters, which needs to be installed. He also ordered parts for the sink in

the elementary room. He put up a whiteboard, assembled furniture, and hung our school pictures (dating all the way back to 1989), to name a few of the projects. All in all, the facility is in good shape.

LSAC Activity

Last month's report is attached.

Volunteer Report

I would like to thank Megan Maloney and Gina Cristani for their help in the kitchen for both the Valentine's Day Dinner and the Community Scrimmage in their "spare" time.

Trips Planned

We are working on our South-side "mini-meet" for the week of March 23rd. We will be hosting students, grades 6 through 12, from the three Chigniks. Our plan is to offer many cultural, employability, and technology classes. Our Cultural Awareness level 10 projects include a traditional cooking class, an orienteering course, and a fur-sewing class. The good people from the Becharof National Wildlife Refuge will offer a salmon ecology presentation. Mr. Dube and Mr. Stark are working on technology classes, and Mr. Welch has been invited to help students with employability.

Pupil Attendance

Our attendance remains strong. Thanks to our bus driver Dan for getting everybody here on time.

Student and Staff Safety

As mentioned, we are CPI trained. That being said, we have thankfully not had to use our newly learned skills. Our safety record is solid, and we completed a fire drill while Mr. Richter was here.

Subsistence Calendar

This month's LSAC meeting will include a discussion about next year's calendar. As we look to be on track, it looks like the shortened year has not had a deleterious effect on academics.

February is Gratitude Month

What are you thankful for?

CELEBRATIONS!

Ange completed a world record shattering **60 ALEKS topics** this past week. She also managed to pass a writing level in her spare time. Nice going! Next step: the end-level. You got this.

Student of the Week!

SPOTLIGHT on ...

SHARKS!

we had a blast playing Sharks and Minnows during our Friday Teambuilding session. Look at all the smiling faces!

Round and round we go ...

Watch your feet! Lifeguards on duty ...

Iggy saving Ty from a terrible fate!

Nice Teamwork

Notice: *Our School Photographer* had to cancel this week's trip ... *we'll keep you posted*

SPOTLIGHT on ...

VALENTINES DAY!

Our Valentines Day Dinner was great success. Our student government came together as a team and everybody had a great time! Nice job, Team!

Darren taking orders ...

The kitchen was hopping!

The crew enjoying a well-deserved dinner break

February is Gratitude Month

What are you thankful for?

Katlynn planned and supervised our Valentines fundraising project. She showed great leadership, and managed to pass a writing level at the same time!

Student of the Week!

CELEBRATIONS!

The elementary class finished their Space-books. Way to go!

Congratulations to Destiny for finishing all her math standards.

Next up: our basketball team is off to Naknek next week for a Southside Jamboree. *Go, Eagles!*

SPOTLIGHT on ...

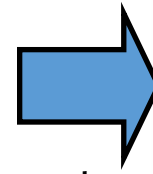

February is Gratitude Month

What are you thankful for?

T

hanks to the anonymous student who posted this great review of the Perryville staff. You really are showing the spirit of gratitude that makes this place special!

A Thank you to all that work at Perryville School, I'm sure everyone appreciates it *Thank you!*

Rob, you are trying your best teaching the first grade it was off to a good start then people started to get in fights but that won't stop you. Keep it the good way!

Meg, you are the most greatest teacher anyone can ask for. Thank you for being a great teacher and always trying your best *♥*

James, you are doing a good job teaching those little ones. They may be driving you crazy but some day they will thank you for it *♥*

Dora, Thank you for helping out at the school you are the BEST! At your job and I would want anyone else to do it but you *♥*

Bertha, Thank you for helping the school I'm pretty sure that all of the teachers and staff do all they can for the students *♥*

Gina, you came all the way from New York and, I say this for all of the school thank you for coming and working with us even when you hardly knew us *♥*

Keneisha, Thank you for making lunch for all of the school and for staying and washing the dishes so there ready for the next day *♥*

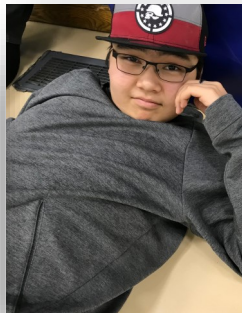

Love
Student *♥*

Student of the Week!

Alec's positive attitude and hard work got him through one level of reading and one of writing. Nice going, Alec! You are our *Student of the Week*

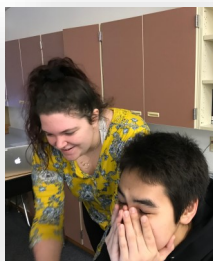

Devin is turning on 14 Thursday. He looks pretty relaxed about it. No big deal. *Happy Birthday, Devin!*

Our basketball team hosted a Community Scrimmage and Pizza by the Slice Sale. We had a great time and raised some money for our school trip next year.

Gina is also having a birthday this week. We won't say how old she is. (*Hang in there Darren!*)

Remember! Winter travel gear is still in effect! Be ready, Eagles, for travel on Thursday to Naknek (coming back on Saturday)
