Provide history/background information on your proposal.

North Valley has expanded AP offerings in the past 4 years from the 3 courses then available to the additions of AP World History, AP Psychology and AP Chemistry. Kim Wilson is our current Calculus teacher and is preparing curricula to offer AP credit for Calculus students next year. All of our AP teachers have been required to attend a week-long AP Institute over the summer. These are excellent trainings that ensure our AP courses are aligned with expectations from the College Board.
