Aircraft Type: Curtiss Wright C-46

Payload: 9000

Pressurized: No

**Quote Details:**

C-46 Charter Fairbanks – Anaktuvuk Pass Payload 9,000lbs  
1500 cubes of usable space. Fuel surcharge (subject to change) is currently at 0% and calculated into the base price.

Materials:

Construction

Offloading: The customer is responsible for equipment and personnel for the offload in Anaktuvuk Pass.

Ground time in excess of 1.5 hours will incur additional charges of \$650.00 per hour with one hour minimum.

Handling fees: Should the shipment require excessive buildup preparation for the flight, a minimum of \$250.00 for 3 hours, \$100/hr. thereafter will be charged.

Additional shoring may be required for the shipment; therefore, available payload may be reduced.

Hazmat: Hazardous materials paperwork must be submitted & approved prior to the flight. If there is no hazardous materials on the flight the \$30.00 charge will be removed from the quote total. An additional hazardous materials fee will apply to each freight delivery (not to exceed \$100.00 for consolidated shipments)

Backhaul: All backhaul must be declared & manifested with the description of contents, piece count, & accurate weight prior to the flight date.

Any hazardous materials backhaul must be declared & approved prior to loading of the aircraft.

Acceptance: Please contact Everts Sales Department to accept quote.

Anchorage- 907-249-4313
