Re: Recommendation to Award Parking Lot Maintenance at
12 Sites

I am recommending and seeking approval to award the parking lots maintenance project to Titan Pavement. Parking lot maintenance includes crack sealant and restriping the parking spaces. Six companies were contacted regarding this bid; however, only Titan Pavement responded. The post-bid interview was conducted on May 9, 2023.

The total cost for 12 buildings is \$40,060.00 which is consistent with industry standards. The sites for this project are: Buchanan, Cass, Coolidge, Cooper, Garfield, Grant, Hayes, Hoover, Jackson, Johnson, Randolph, and Roosevelt. This project will be funded from the General Fund.

The vendor that participated in this bid is:

Titan Pavement	Waterford, MI	\$40,060.00
----------------	---------------	-------------

Rationale: The purpose of crack sealant is to prolong the longevity of the parking lots between milling and recoating.

Thank you for your consideration in this matter.
