

CONDUCT

Note: Under the federal [Every Student Succeeds Act](#), ~~No-Child-Left-Behind~~ Act, districts must take steps to ensure student discipline and safety. School districts must identify the creation and maintenance of safe and disciplined classrooms as a high priority for district and school staff. District and school level safety and discipline policies and regulations should be revised, and district resources distributed as necessary, to reflect the high level of importance the district attaches to this objective. School districts are to develop clear standards for student conduct that are designed to ensure that the environment within each district school and classroom supports student learning. Consequences for violating these standards must be identified, as well as the procedures that school staff, families, and students must follow in order to resolve problems as they develop.

Note: 4 AAC 07.010 - 4 AAC 07.900 mandates the Board adopt policies on student rights and responsibilities; distribute and instruct students regarding these policies, and review these policies every three years. The Board shall provide all reasonable support to certificated personnel with respect to student conduct and discipline. The Board shall exhibit and conduct itself so as to instill the respect and regard of the students, parents and general public.

Superintendent
