Special Education Director

DATE: July 15, 2020

SUBJECT: Request to Purchase iPads for Special Education Self- Contained Classrooms

The Special Education Department is requesting to purchase 110 iPads through Tech Services for use in self-contained Special Education classrooms. This technology is utilized to implement individualized instructional programming through apps and curriculum programs for students with significant cognitive disabilities, behavior deficits, communication disorders and developmental delays. The total costs of purchasing the iPads will be \$32,340. The purchase will provide iPads for 22 Special Education classrooms in the Weber Cone and/or in new classrooms throughout the district. Thank you for your support of our Special Education team.
