News from the Principal

IV Families:

This month, our school community is focusing on the theme of Gratitude. Students are taking time to share kind words and express appreciation for one another and their teachers. It has been wonderful to see classrooms filled with positive notes, smiles, and moments of genuine thankfulness. To make it even more fun, we are playing Gratitude Bingo—a schoolwide activity that encourages everyone to notice and celebrate the many ways we can show gratitude each day. Our month of gratitude will culminate in a special Friendsgiving Celebration, where we come together to share food, laughter, and appreciation for one another. It's been inspiring to watch our students spread kindness and thankfulness throughout the school! I appreciate our students and staff as they demonstrate the core values of RESPECT, EXCELLENCE, and DETERMINATION.
