BMS teamwork &
positivity will be
experienced

BMS Board Meeting Focus

The focus of our yearly BMS Board Meeting will be on showcasing our daily teaching and learning.

The board members will conduct classroom walkthroughs to all available classes. They will see and experience for themselves how the teaching and support staff are working on a daily basis to improve our academic results. The board will also observe our various community service learning projects.

1

CLIPS

Consistent Behavior Management

SOOKAPI STUDENTS

Sookapi Students is our BMS rewards program that builds intrinsic and extrinsic motivation in students. Sookapi Students also identifies and promotes behaviors that support academic and social/emotional improvement. This program also provides incentives to students in all areas such as: academic, attendance, behavior, consistency, and improvement. Each week students are given an opportunity to participate in our daily incentive activity known as Lunch Recess if they have 'No F's' in any class. Students are also provided an opportunity on a daily basis to improve their grades by participating in mandatory lunch tutoring.
