Since 1983, our mission has been to promote academic excellence through the expansion of resources that enrich the education, development, and well-being of the students of the Amphitheater Public School District. The Amphi Foundation has, for most of its history, focused primarily on services that help make it possible for students to attend school and participate in activities and in recent years we have added Classroom Grants to support our students' teachers and their classrooms. Our Scholarships & Grants committee is proud to honor your grant request. Congratulations!

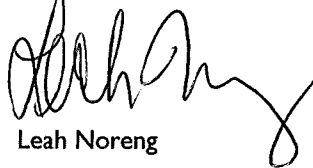

Funding for this grant was provided by the Nova Home Loans Arizona Bowl. Our hope with this partnership is that the Amphi Foundation will receive this gift again next year and beyond. You can help us by sharing photos, thank you notes and success stories about the impact of this funding so that we can share with our partners at the Arizona Bowl.

Please keep the following items in mind as you move forward with implementing your project and purchasing materials.

- If, for some reason, you do not proceed with this project, we ask that you return this money to the Amphi Foundation so that we can assist another classroom in need.
- Please be sure to follow district and school procedures for procurement.
- For any equipment or durable goods that have been purchased with this funding we ask that you consider gifting items to an Amphi colleague or teaching partner should you choose to leave the district.

On behalf of the Amphi Foundation Grants & Scholarships Committee, thank you for all that you do!

Best Regards,

Leah Noreng

Amphi Foundation Grant Proposal

Provide an objective and the purpose of the project.		
General purpose of the project:	The goal of this project is to begin to establish makerspace areas within the library and to support STEM through ebooks.	
Describe the project and how it will enhance the learning environment and promote academic excellence. List the subject areas involved in the project.		
Project Synopsis:	As the library is the hub of the school and an extension of what goes on in the classroom giving students the opportunity continue their exploration through books and hands on materials can only enrich them even more.	
Provide the standards of measurement to be used to determine if goal(s) have been achieved and timeline for assessment of results. <i>If applicable, explain how the project will be sustained without committing district funds.</i>		
Evaluation and Sustainability plan:	Evaluation will be done through observable use of the hands on materials and the number of checkouts with the ebooks.
