**WINTER BENCHMARKING**

The Math and ELA teachers were working on completion of the Winter Benchmarking with STAR at the time of this report. Official data will be reported at the February meeting, but preliminary results are looking positive! Our Data Meetings will take place the week of January 20th.

**FACS**

The Family and Consumer Science classes started up with the new semester. Ms. Seifert is really enjoying her classes and the students. Her day consists of 6 HS class periods and 1 MS class. Her line up consists of Parenting, Foods 1, Fashion Design, Adult Living, and an Intro to FACS for both HS and MS.

Before Winter Break, ICMS student council made 60 reindeer hot chocolate bags and delivered them to the nursing home.

### **TEAM BUILDING AT THE MIDDLE SCHOOL**

The Middle School Teams participated in a week long “Whobilation” with themed dress up days, culminating in the Grinch Olympics the Friday before break. The students had fun encouraging their teammates and building that team spirit. Mrs. Stringham’s class currently has possession of the “Golden Paw Print of Awesomeness” because they finished up with the most points for the week..
