

THE LAKE AND PENINSULA SCHOOL DISTRICT

COVID-19: What You Need to Know District COVID Advisory Committee

The Department of Health and Human Services has recommended that every school district have a working group to help guide the district in its phases and plans throughout the year. This working group should include medical professionals where applicable who will have greater insight into the local transmission.

The Lake and Peninsula School District's COVID Advisory Committee is made up of the following Individuals. Should you have questions for this group please contact Rick Luthi at 907-469-0789 or rluthi@lpsd.com

Danica Wilson
