Maintenance Report

Maintenance has been working on the boilers for all three schools the past few weeks. The low temperatures have them working overtime and they are showing their age. The brown outs and snow slaps have kept us on our feet having us resetting boilers and air handler units every couple hours.

Over winter break the janitorial department deep cleaned the High school, and they have done a great job; I hope you take notice and pass on a compliment to them. We were able to check a few maintenance items off our "To do list" at the schools. Changed out ballast and lights and the High school and middle school, some small construction at the Elementary, replace heating transformers, thermostats and some Vehicle maintenance. It was a good productive winter break.

Daniel Nelson
CCSD Maintenance Director
