DATE: January 14, 2019

TO: Board Members of SOESD Component School Districts

FROM: Scott Beveridge, Superintendent
Southern Oregon Education Service District

RE: SOESD 2019-20 Local Service Plan

According to ORS 334.175 (5) (b), an ESD Local Service Plan must:

"be approved on or before March 1 by resolution of two-thirds of the component school districts that are a part of the education service district and that have at least a majority of the pupils included in the average daily membership of the education service district, as determined by the reports of such school districts for the preceding year, enrolled in the schools of the school districts."

Southern Oregon Education Service District (SOESD) is proud to present our 2019-20 Local Service Plan (LSP). The LSP is a product of our collaboration with school districts to deliver services that are responsive to districts' individual and collective needs. The plan represents the continued leadership of our organization to provide highly valued and innovative services directly aligned with Oregon's education initiatives, delivered through a modern business model. The LSP provides flexibility in service choices using a customizable service delivery menu, while maintaining service quality and leveraging regional advantages in cost effectiveness, that result in increased opportunities for students.

SOESD takes seriously our responsibility to provide a range of services that are responsive to your needs, high in quality, and affordably priced. We appreciate your consideration of this plan as a framework for SOESD to serve your district.

Respectfully,
Scott Beveridge
Superintendent
