Tiffany,

The board would like to move forward with putting the Smart Tag system on the March Agenda. I need you to get a quote from Smart Tag for 24 buses. For the last 5 years we have had 17 regular ed rounds and 2-4 special needs routes for a max total of 21 routes. This would give us up to 3 spare buses for routes or trips.

The quote need to include their purchasing cooperative bid number. The quote is needed by next week to review.

Thanks,

Dennis
