

## Outstanding Primary Student

Courtney Tyler Qaiya is being honored as our Outstanding Primary Student at Meade River School.

Courtney is the youngest child of Ronald III and Jennie Kippi. Her grandparents are Dennis Sr. & Maasak Aveoganna of Wainwright and Ronald Kippi Jr. & Hattie Kunaknana of Atqasuk.

Courtney comes to school every day with a smile, eager to learn, and a welcome for each of her classmates! Courtney's enthusiasm is contagious as she encourages her classmates to join her in

learning how to read, write and become a mathematician. She is great at keeping her area and tools organized and in great condition. She not only cleans her area but helps others to keep their area neat and tidy.

Courtney has great beginning reading skills and can retell any story she has heard only once or twice, back to an audience. She loves to play with numbers and is growing in her math abilities daily.

Courtney is an amazing young lady. She has such a caring heart that whenever she has anything, she is quick to share it with her friends and classmates. She is quick to help others especially, if they are unhappy or hurt.

Courtney is a joy to teach and anyone who knows her, loves her. She has a fantastic future and will make us all proud of her accomplishments. We love you, Courtney!
