SUBJECT: Suspensions,
Safety and Updated
ASC Members

Jeff Alexander, Assistant Superintendent reports on the following:

SUSPENSIONS

Listed below are the suspension for our district and the reasons for the suspension listed in order of frequency. The number of days vary with considerations for number of offenses and severity of the offense. The majority of offenses are for a one day suspension. We have a Discipline Chart on page 49-52 of our student handbooks that the principals use as a guide:

1. Tobacco/Vaping – 12 Offenses
2. Hitting/Fighting – 7 Offenses
3. Profanity – 7 Offenses
4. Threatening to harm a staff member – 4 Offenses
5. Insubordination – 3 Offenses
6. Physical harm to another student – 3 Offenses
7. Profanity & Destruction of Property – 2 Offenses
8. Profanity & Insubordination – 2 Offenses
9. Insubordination & Truancy – 2 Offenses
10. Threat of harm to other students – 2 Offenses
11. Drugs – 1 Offense

SAFETY

I have completed six Safety Site visits and have six more to complete. Our sites score very well on the site checklist provided by Alaska Public Risk Alliance, APRA. Completing this checklist allows us to receive a discount on our insurance. I work with the site administrator and BPO to complete this information. I plan on having those completed by April. I will email a blank copy of the checklist to all board members.

SUBJECT: Human Resources
Report

James Stewart, Director of Human Resources reports on the following:

We are currently looking at Frontline Recruit and Hire to couple with Frontline Central. We will need to do training and initial setup, but when done we will be able to transition a person from an applicant to an employee with minimum redundancy for the applicant and for the District office in paper work, and improve communications between departments, create cleaner more usable records, reduce human errors, and cut costs in record keeping. This will initially be a major effort for the Human Resources Department aided by Administrative Services.

We have five new teachers who are from the Philippines. All five teachers from the Philippines have arrived and are busy in their assignments, while getting their emergency certifications for the state of Alaska

On the 19th of November HR took part in the virtual, job fair hosted by the Alaska Educator Retention and Recruitment Center (AERRC). While the job fair officially was from 2:00 PM to 5:00 PM, I was busy talking with potential candidates from 2:00 PM until 6:30 PM. All candidates at the job fair were foreign nationals. There were about two dozen who have already started the J1 visa process and are just waiting on a job offer.

We have six J1 current employees who currently can convert their J1 visas to H-1B visas without returning to the Philippines. The AERRC is currently working with them to get the proper paper work together so that the conversion can happen in a timely manner.

Negotiations are ongoing with the union.

ACTION ITEM ON THE AGENDA

NWABSD Memo , Approval of Human Resources:

The administration recommended that the Board approve the certified rehires, classified new hires, certified new hires, certified transfers, and classified separations, certified separations as presented. Please see NWABSD Memo XX-XXX.

SUBJECT: Technology Report

Amy Eakin, Director of Technology, reports on the following:

Track 1: Operational Improvements

Initiative: Optimize Business Practices

1. Agenda Items:
 - a. NWABSD MEMORANDUM Staff Student Apple iPad Refresh Purchase
2. NWABSD Website & Social Media (Facebook via Hootsuite)
 - a. Website
 - b. Communicate for broadcasting announcements and emergencies:
 - i. Text Opt-in for Broadcasts
 1. 593 opted in (548 in August)
 2. 19 opted out (14 in August)
 3. Continue advertising for manual opt-in by texting "Y" to 67587
3. Digital Citizenship Week
 - a. October 14-18
 - b. **Well done, NWABSD!!! What a GREAT Digital Citizenship Week! Our children and communities are truly living in unprecedented times digitally, and talking through the navigation of this is imperative! Thank you all for your hard work!**

Staff Nominated for Individual Prizes and What Their Co-Workers Said About Them (in no particular order):

- **Delores Iyatunguk, Secretary, Deering School**
 - "for her outstanding dedication and commitment to our students during Digital Citizenship Week. Ms. Iyatunguk consistently demonstrates professionalism, creativity, and compassion in all that she does. Her thoughtful approach to planning ensures that every activity is engaging, meaningful, and aligned with student interests and learning needs.
Delores goes above and beyond her assigned duties, often working beyond school hours to organize events that foster student engagement and enjoyment. Her efforts reflect a deep care for our students' well-being and success, as well as a genuine desire to make learning both relevant and fun.
Through her tireless work and positive spirit, Ms. Iyatunguk exemplifies what it means to be a dedicated staff member who places students at the heart of every decision. Her attention to detail helped make Digital Citizenship Week successful. She is an invaluable member of our community and truly deserving of this recognition."
- **Justy Tuquib, MS/HS Teacher, Selawik Davis-Ramoth School**
 - "He failed to join Digital Citizenship Week activities during the previous year because he lacked appropriate clothing for each daily theme. This year, he came prepared. He fashioned himself for this year to achieve his goal of making a positive impact. Justy selected his outfits based on daily themes which demonstrated his artistic skills and his dedication to school spirit. Moreover, Justy demonstrated to students the essential value of being responsible digital citizens who show respect and think before they act online. Justy exceeded all expectations during Digital Citizenship Week. "
- **Rachel Harmon, Assistant Principal, Selawik Davis-Ramoth School**

- “She consistently encouraged staff participation throughout the week and demonstrated exceptional commitment to Digital Citizenship Week.”
- “She has dressed up each day and help coordinate this week while doing in service and helping manage our student body.”
- **Ronnie Hawley, MS/HS Teacher, Kiana School**
 - “He was instrumental in planning and making sure everybody had what they needed to participate in our digital citizenship week, as well as making PSA announcements and encouraging positive digital citizenship among our student body.”
- **Keziah Diabo, Elementary Teacher, Kivalina Kisimjigtug School**
 - “for her dedication and attention to detail when it comes to all things digital in the classroom and the school as a whole. Keziah makes sure that all students are as properly equipped as possible, and her value to our school is undefinable. During Digital Citizenship Week, she is always keeping folks organized with the activities, she posts to remind the community, and she reminds the principal to turn everything in!”

The moment we've all been waiting for.....the winner is.....*drumroll please*.....the Deering Northern Lights!!!

Here's what set them apart from the competition:

- For Monday, Neon Day, Deering invited the community to join them for Glow in the Dark dodgeball from 4 pm to 5 pm.
- On Tuesday, the Northern Lights had a family game night from 6:30 p.m. to 7:40 p.m. The principal made cupcakes, and refreshments and other snacks were available, along with a slideshow featuring upcoming themes and information on Digital Citizenship.
- Wednesday through Friday, students, staff, and community members participated in the theme activities and dressed up.
- Teachers also taught lessons on digital citizenship.

It was inspiring to see everyone coming together as champions of such a great cause!

Report on IT Initiatives and Updates

• Staff Onboarding & Transition Support

This time of year, involves significant ticket categorization and list organization to support districtwide operations. A primary focus has been facilitating staff transitions, including onboarding new hires and processing internal transfers:

- Creating and configuring Active Directory (AD) accounts and group memberships
- Provisioning appropriate Microsoft 365 licenses
- Preparing and assigning devices based on staff roles
- Enforcing Multifactor Authentication (MFA)

These actions help ensure a secure and seamless start for staff while maintaining compliance with district IT standards and enhancing overall operational efficiency.

• Districtwide Multi-Factor Authentication (MFA) Deployment

- District Office (Business Office, Human Resources, Technology), KMHS, JNES, Selawik, Shungnak, Noorvik, Deering, ATC, and Kiana.

• Upgraded Meraki MR52s to MR46 Access Points; replace and mounted:

- Deering, KMHS, JNES, ATC, and Noorvik

• Deployed new server to:

- Kivalina, Shungnak

• Migrated the Business Office share to a new Windows 2022 server

• Deployed a new Apple Cache server with a 10Gbps fiber port to:

- Ambler, Buckland, Deering, Kiana, Noorvik, Kivalina, Shungnak, Selawik, and Kotzebue

MEMORANDUM

TO: NWABSD Board of Education Members

Date: November 11, 2025

FR: Office of the Superintendent

SUBJECT: Alaska Technical Center
& STAR of the NW

Joe Groves, Director of ATC/STAR, reports on the following:

ATC Course Update

ATC offers full-time courses in the first semester, including CNA and Culinary Arts. There are eight students in the CNA class, consisting of four high school seniors and four adults. They have been diligently preparing for their clinicals, which will take place in long-term care at Maniilaq in November. Eight students are enrolled in Culinary Arts 1. They have been actively engaged in preparing meals, providing products for the coffee shop, and assisting with catering the Ducks Unlimited Banquet.

A total of seventy trainees have completed their training so far in FY26 across various fields, including 12-Volt Battery Systems, Heavy Equipment Operation, CDL, Driver's Ed Permit Testing, Boiler Repair, Solar Array, Wilderness First Aid, and CPR. An additional 45 trainees are currently enrolled in or have been accepted for upcoming classes in FY26 at ATC.

ATC High School Schedule

Thirty high school students are enrolled in classes at ATC in Medical Terminology, Introduction to Health Careers, CNA, Design and Fabrication, Business Software 1, and Culinary 1.

Upcoming Short Course Schedule

2025-2026 ATC Short Course Schedule

MS Office 365 Bootcamp	Nov 17 - 21 Kotzebue
Heavy Equipment Mechanic	Dec 1 – 19 Kotzebue
Heavy Equipment Mechanic (cont'd)	Jan 5 – 23 Palmer
CDL Training	Mar 9 - 13 Kotzebue
CDL Practicum, Testing, Certification	Mar 16 – Apr 3 Palmer
Basic 12-Volt Electrical Systems	April 6 – 10 Kotzebue
Heavy Equipment Operator	April 20 – May 1
Heavy Equipment Practicum, Testing, Certification	May 4 – 22 Palmer

Career Pathway Specialist

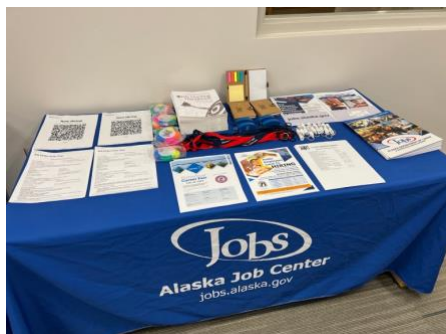

The Career Pathway Specialist traveled to Ambler, Kiana, Deering, Buckland, and Kivalina with NANA for informal meetings. It was a valuable opportunity to network between ATC and NANA representatives. He also visited Noatak and Selawik to recruit for all programs at the ATC. When Clay visits sites, he spends time at the IRA sharing information about upcoming trainings for the year. He gathers feedback from the villages on potential training needs. Additionally, Clay visits the school to meet with upperclassmen about opportunities ATC can offer. The Career Pathway Specialist is partnering with local businesses to sponsor Phase 3 of a training program that helps trainees enter the workforce.

ATC Spotlight

The ATC staff and instructors celebrate achievements by recognizing students and employees who excel and go above and beyond in their courses, training, and jobs. Congratulations to Dylan Tickett, Jeanette Barr, and Mylie McConnell for earning the ATC Spotlight this semester.

Alaska Job Center

The Kotzebue satellite office of the Alaska Job Center is open during the last week of each month. The next scheduled dates are November 24th to 28th.

GED Update

In FY25, there were thirteen GED graduates, the highest number since the computer-based test was introduced in 2014. There have been three GED program graduates for FY26. China is on maternity leave until January. The GED program will reopen in January.

STAR of the Northwest Magnet School:

We have 15 full-time STAR students in the dorms. Students are from Kobuk, Noorvik, Buckland, Kivalina, and Barrow.

Highlights from STAR:

- Six students of STAR have participated in part-time jobs
- One student is a Regional School Board Student Rep
- The average GPA is 2.9
- Students continue to receive regular physical and mental healthcare
- Students participated in Wrestling, Volleyball, and the Youth Leaders Retreat
- Students have a scheduled open gym at KMHS and JNES during the week
- Regular weekly activities include Roller-skating, Volleyball, Weight Room, and Basketball
- Bi-Monthly after-school socials with games and special snacks
- Pumpkin Carving Contest
- Fall Berry Picking
- Native Food Processing and Meal Prep
- A Monthly Newsletter is distributed to Parents and Students to keep everyone updated

24-25 ReadiSTAR schedule:

ReadiSTAR 2025-26 FALL SCHEDULE

September 22-Oct 1, 2025	WLK RS1
October 6-15, 2025	BKC RS1
October 29-Nov 7 2025	KVL/WTB RS1
November 11-21 2025	DRG RS1
December 2-11, 2025	ABL/SHG/OBU RS1

Highlights from ReadiSTAR

- 77 students have participated in ReadiSTAR as of November 14th
- Job Exploration at the Fire Hall, Bering Air, National Park Service, and Maniilaq
- Residential Maintenance Skills in weatherization, electrical, plumbing
- Creating personalized items using vinyl, clothing, and pen blanks
- Exploration in ATC's Culinary Arts and Medical Training Lab
- Career Exploration in 100's of trade industries using a program called Interplay

Youth Leaders Recruitment and Readistar hosting Wilderness First Aid and CPR

Twenty-nine students traveled to Kotzebue to take a Wilderness First Aid and CPR course and were recruited for the Youth Leaders program. Students came from Noatak, Noorvik, Selawik, Ambler, Kivalina, Buckland, and Unalakleet. In total, **41** students earned certifications in Wilderness First Aid and CPR. This variable-term program helped the STAR dorms to have **43** beds filled during the student count.

Drivers Education

ATC currently has one instructor who is certified to administer the DMV written exam. We are in the process of certifying this instructor to administer the road exam. Our goal is to provide both written and road exams by 2026. It is our understanding that the DMV in Kotzebue will be open by this time.

Grow Your Own – Education Pillar

Currently, fourteen classified staff members and two community members are participating in an apprenticeship program or taking educational classes that are eligible for reimbursement. Two classified staff members who graduated in the spring are now certified and teaching in Buckland and JNES. The Grow Your Own Program has recently advanced with our apprenticeship partners, who have reopened their applications. We are recruiting classified staff interested in the apprenticeship model. Additionally, three individuals have applied for tuition reimbursement and are eligible, pending the completion of their semester. Information about Educator's Rising has been distributed to sites, and we are recruiting students to join the chapter. Educator's Rising

will have staff based in Selawik and Kotzebue and will meet with members both onsite and virtually.

Hewlett Foundation Grant

The Northwest Arctic Borough School District received a two-year, \$400,000 grant to promote workforce development in renewable energy. NWABSD will receive \$200,000 annually to provide training for battery storage and other renewable energy needs in the region.

ATC Hosted Events

The ATC has hosted many events thus far in FY26. A highlighted list of these events includes the Alaska Humanities Forum, Qatnut Dancers, University of Alaska, New Teacher Inservice Housing, NANA Housing Summit, Maniilaq Vet Clinic, Congressman Begich, Arctic Edge Special Operations, Native Village of Kotzebue and NWABSD Inupiaq Program

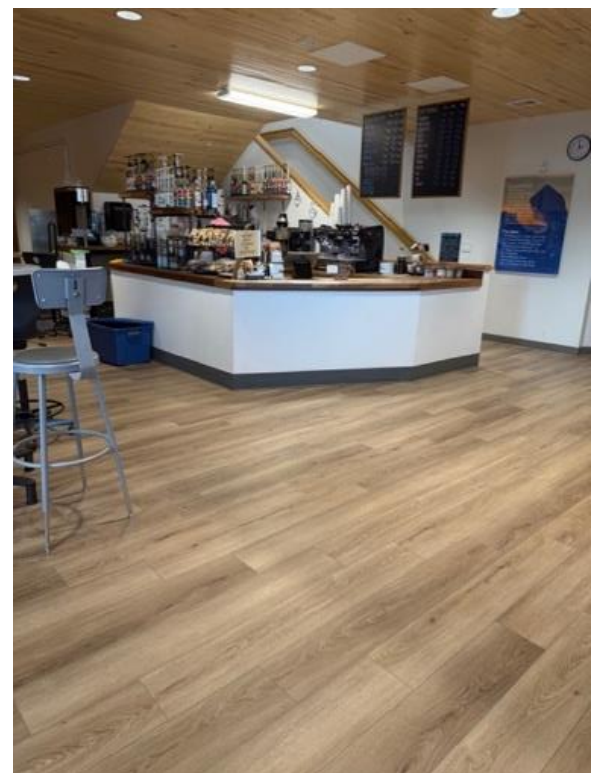

Kuuppiaqtugvik@ATC

Kuuppiaqtugvik@ATC continues to be a focal point of ATC. We now have regular customers, and steady revenue. We have moved to five days a week.

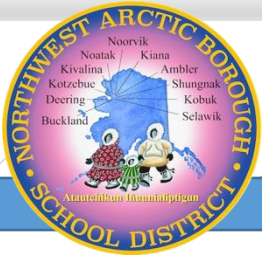

Like many businesses, staffing has been difficult as employees leave or are absent for long periods. We accept applications continuously and choose the most qualified candidates when openings arise.

The chef and culinary arts trainees regularly make breakfast sandwiches and homemade pastries, and they feature "Fresh Bread Fridays."

We operate Kuuppiaqtugvik@ATC as a non-profit extension of the culinary arts program, and we invest revenues back into the programs at ATC.

• **Organizational Goals Of Property Services**

- Make safe and more sanitary learning environment for students in the school. Removing carpeting and replacing with Laminated Vinyl Plank (LVP) Flooring. Replacing window blinds that are missing, falling apart or inoperable to comply with new regulations regarding black out scenarios. Bringing into compliance the entry door security systems per building code regulations.
- Working on teacher retention by updating teacher housing units and replacing unsanitary carpeting with a more cleanable Laminated Vinyl Plank (LVP) Flooring and replacing old falling apart furniture and missing furnishings with updated new furnishings.
- Working closely with Dena Strait of Capital Projects to help standardize new equipment being installed in School buildings so we can have an inventory of replacement parts on hand and not relying on outsourcing work that would be more convenient to be done in house with our own local labor force. Ms. Strait is also helping me get a better understanding of the Division 9 section for Maintenance for our grant funding applications and our need to score better.
- After attending the AASB and ALASBO Maintenance training workshops October 7th, 8th and 9th, I came to learn that we are currently below the curve on our preventative maintenance program procedures, training and the expectations of our site BPO's. We also need to build a training program and work with ATC for our BPO's to be better educated to handle emergency issues that arise at our remote school locations.
- Don Wheeler the State of Alaska DEED's Preventive Maintenance Inspector and CIP scoring advisor came for a site visit November 3rd and 4th. We flew out to Kivalina for a day trip on the November 4th. The inspection went well but he did offer some good suggestions. Photos in scoring points for CIP maintenance repairs can be worth millions of dollars for us. He said that several school districts supply their maintenance people with I Pads or MS Notebooks to manage workorders and take photos of before and after work. He said photos with good narratives can make the difference of getting 2 points or 5 points. Mr. Wheeler also mentioned that several Property Service departments keep a set of there own books tailored to the work we do and making it easier to track the expenses for individual repairs especially those in our remote locations when we need to fly personnel out to do repairs. It is indispensable for us to show the operational costs for keeping our schools safe and operational. It would be an investment to have extra office person that could help manage this accounting measure. We need to update our operation and finical tracking system to fit in with modern technology tracking to help be more highly competitive for getting grant funding.

NORTHWEST ARCTIC BOROUGH SCHOOL DISTRICT

Atautchikun Iñuunialiptigun (Through Our Way of Life Together as One)

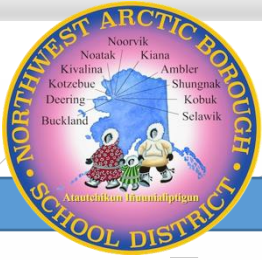

- We are still currently looking for a fulltime Certified Auto and Diesel Mechanic and journeyman Electrician. We may have to go outside the area and possibly someone from the lower 48 willing to work up here. These outside resources usually want to work a four week on two week off schedule, similar too Teck Red Dog Mine and most building construction companies that have projects throughout Alaska.
- We currently have only one plumber on staff when in the past there were two fulltime plumbers. The current plumber has mentioned several times that he will be able to retire in a couple years. Between the new construction projects and amount of regular maintenance and break down issues our plumber is very busy and over extended. Getting another plumber on staff would be a prudent decision for the District.
- Keeping track of our tank farm fuel levels is also an important issue. I am currently working with the BPO's to get them to supply me with monthly measurements at close to thirty-day intervals. Some of the BPO's have been good at accomplishing this reporting. Some of tanks need gauges or replacement gauges. Some tanks need to be dipped with a measuring stick; this is not an ideal situation. Some of the school districts in Alaska are using cameras to view their tank gauges. We also need to make sure our fuel tanks are vented properly. It was brought to my attention; we have fuel oil tanks that need to be vented properly.
- Most of our small fuel tanks in the villages for teacher housing and other outbuildings are very old and should be replaced, including here in Kotzebue. This last spring the fuel tank servicing the building we refer to as the "bus barn" developed a leak and required a costly clean up. We need to be getting in front of these issues before they become costly problems that don't add equity to or school district's infrastructure.
- There are other issues with our fire systems, refrigeration and freezers, boilers, plumbing and lift stations and a general preventative maintenance program and everyday maintenance issues that need better organization.

NORTHWEST ARCTIC BOROUGH SCHOOL DISTRICT

Atautchikun Iñuunialiptigun (Through Our Way of Life Together as One)

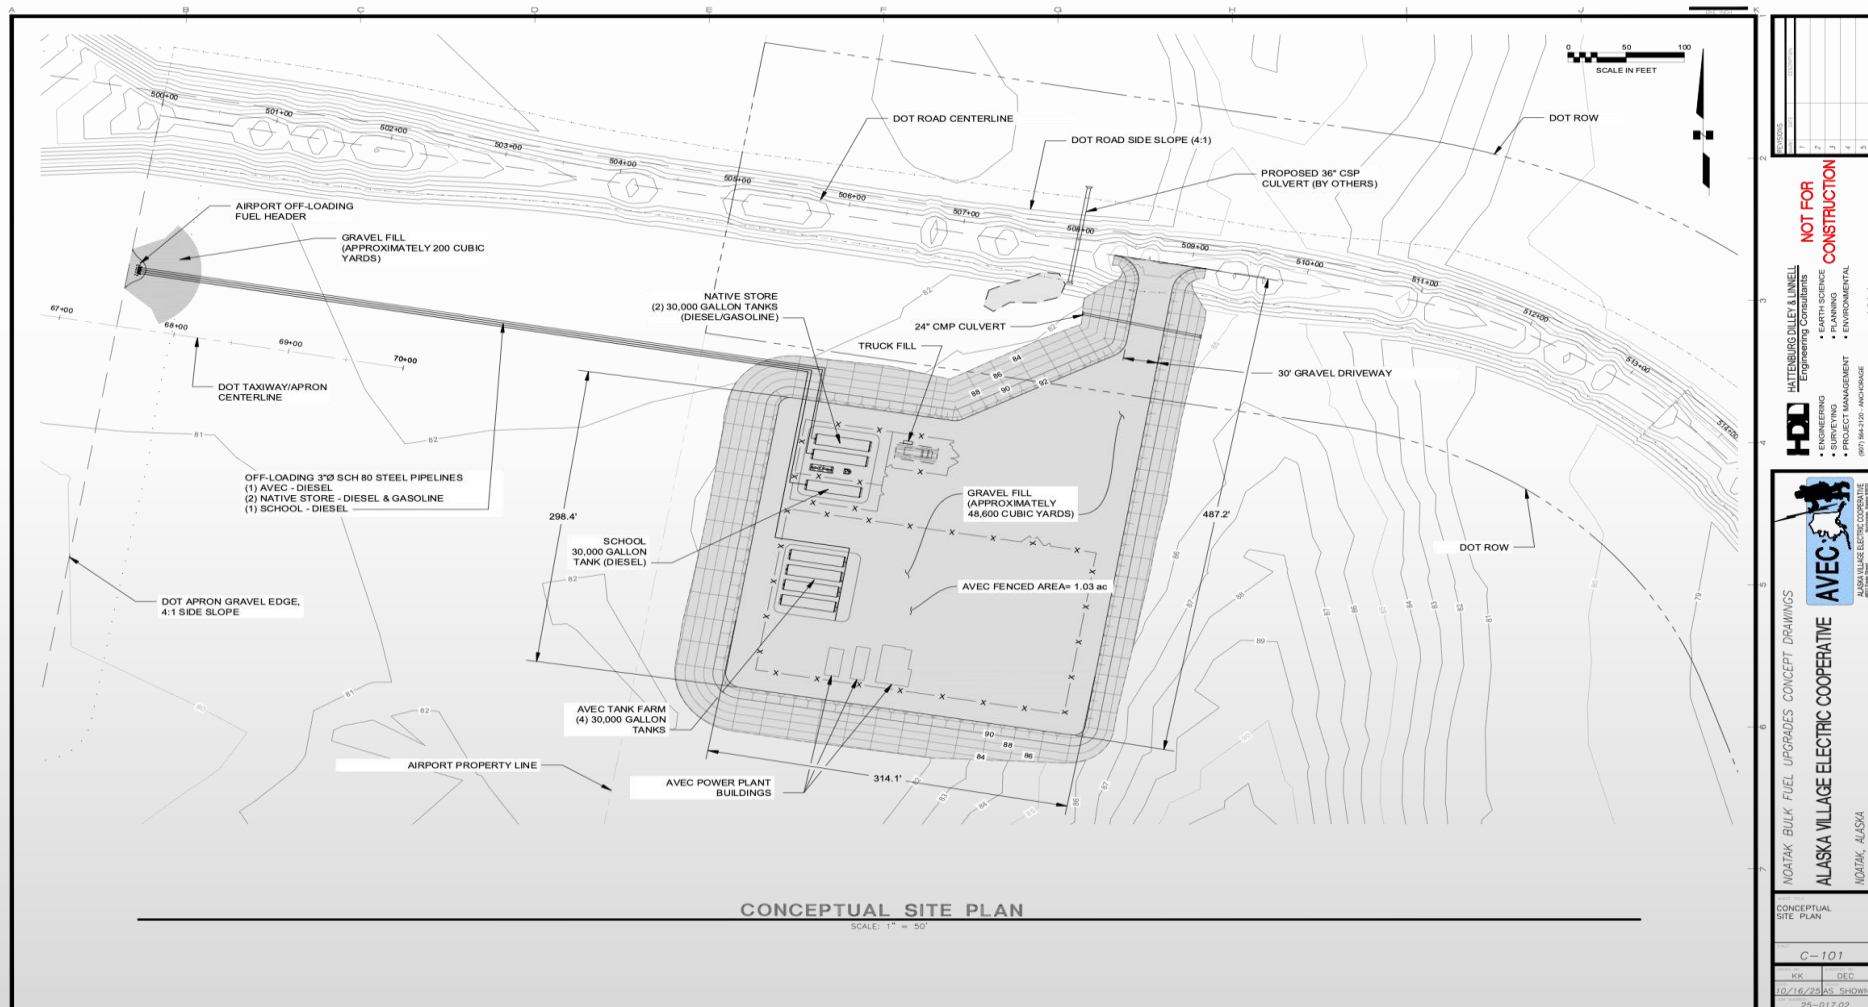

- The Noatak new airport project is moving forward slowly but AVEC is taking the lead on the design for the new tank farm for the community. The new tank farm will be over two miles from the Noatak School and across a water way known as the Kuchoruk Creek. To move fuel from the new tank farm to the school fuel tank, will require a fuel truck the School District will need to purchase and operate to transport fuel from the proposed new tank farm to the school fuel tank. The conceptual drawing made for AVEC shows only one thirty-thousand-gallon tank for the School District. We should have two of these tanks at the new airport tank farm location. The School District will have to purchase these tanks.
This is a project the School District needs to be more directly involved with because of the financial costs the School District will incur with this airport relocation project.
- The existing Noatak Fuel Tank Farm will also need to be removed and mitigated and returned to its original state according to information I have found in files. This will be another cost to the School District that needs to be planned for. In the information, the School District needs to have a removal and mitigation plan filed with the Alaska Department of Transportation. A report the District will need outside help preparing.
- The erosion issue and the lack of working heavy equipment in Noatak has been an issue with getting the Teacher Housing project started and the replacement of the lift station for the teacher housing units near the school. The Noatak BPO and our electrician have been doing a valiant job keeping the existing lift station operable.
- We are currently working at putting together a list of costs and damages caused by the the flooding in October, and costs related to housing community members of Kotzebue and Kivalina in the District school buildings.
- Maniilaq is asking for Property Services' input and possible help on the proposed Day Care Center project for the 6-grade pod.

Ambler School Gym Building Repair

There was a chimney fire in one of the boilers for the Ambler Gym in December of 2024. I took awhile to get chimney parts because they were custom order materials. Because the boilers were down the cold weather ruptured supply water and waste lines that needed repair. Holes needed to be made in the walls and ceiling to do these repairs. Because of smoke damage ceiling tiles and carpeting needed to be removed and replaced. The carpeting was replaced with Laminated Vinyl Planking in the hallways and classrooms. The entry ways got replaced with rubber composite flooring. NMS was finally able to strip and re wax the Gym Floor.

Buckland New Teacher Housing Units

The three new housing buildings are near completion, a total of five livable units. The linemen were able to get in during late August and energize the three buildings with a permanent power source. After our plumber completed work at Ambler Gym, he was able to get back to Buckland and install utilidors, lift stations, boilers and the finish plumbing fixtures. Northwest Electric was able to get back on November 12th to finish up the electrical for the lift stations, boiler rooms and thermostats. Depending on the inspection schedule we hope to have teachers relocate after New Years.

Deering

Property Services, cleaned and serviced the Toya Stoves in Teacher Housing units and installed new Carbon Monoxide Detectors.

Kiana

We sent Kiana one of the better trucks from our Kotzebue fleet to replace the truck in Kiana that was having lots of mechanical issues.

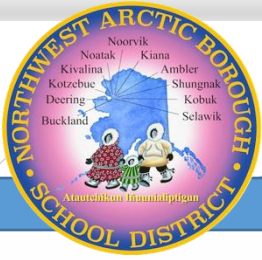

We had all three boilers go down at the same time, but we were able to get two of them back up and running and we are waiting on the parts to finish the repair on the third boiler. One of the parts on these three boilers was only used for two years. This part is no longer available on the shelf. Ebay is the option we are using to find this part. We are trying to figure out a work around for this issue. We also sent out two new couches and a living room chair.

Kivalina

Kivalina is an ongoing situation with having our own waste treatment plant at that location, Property Services is working with HDL to resolve outstanding issues with that system.

Having to haul water from the water plant in town to fill the water tank at the school is at times a challenge keeping the water truck in good operable condition. The community is also using the water truck to haul water from their water source to the water tanks in town so the school will have enough water to stay operational. After these water hauls the inside of the water truck tank needs to be re-sanitized.

After our fire inspection company did the first inspection of the fire system at the Kivalina site, they found there maybe an issue with the backflow preventer servicing the fire suppression system and the freshwater system, since it is serviced by only the one water tank at the school location. This is an ongoing issue we are trying to resolve.

Materials for the teacher housing project have been purchased and shipped to Noatak. Lack of available heavy equipment and the erosion issue have prevented us from extending the pads for the new housing units. We are working on a solution for this issue. We did a facelift to an existing two bedroom that needed new flooring and painting and replaced a drier in another unit.

Atautchikun Iñuunialiptigun (Through Our Way of Life Together as One)

Noorvik

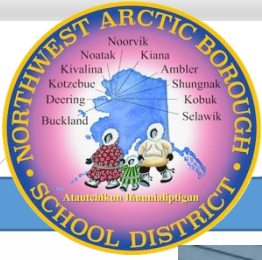

Built new lift station box for teacher housing unit near playground and repaired two broken windows. Removed broken equipment from playground. Sent out electrician to take care of several electrical issues and get both water heaters for teacher housing units working properly. Serviced and cleaned Toya stoves in teacher housing and installed new carbon monoxide detectors.

Selawik

Removed carpeting from two classrooms that glycol had leaked on. Replaced with new LVP flooring.
Replaced carpeting with new LVP flooring in two teacher housing units.
Built new stairs and landing for walkway from school to teacher housing.
Sent out 2 new couches and a drier.

Shungnak

Sent electrician out to service electrical issues, replace thermostats that were bad and replaced bad zone valves in several classrooms.

MEMORANDUM

TO: NWABSD Board of Education
Members

DATE: November 24, 2025

NUMBER: Worksession

FR: Office of the Superintendent

SUBJECT: Administrative Service
Update

Administrative Services Department Update:

The Administrative Services team has been busy completing quarterly reporting for first quarter (July-October) for grants, Payroll, Capital Improvement projects, and other miscellaneous quarterly reports. In addition to the annual audit of the District's financial statements with Altman Rogers, the District is also participating in a retirement audit with KPMG, the State of Alaska's Department of Retirement and Benefits independent auditor, and a payroll audit with Alaska Public Entity Insurance. The audited FY25 financial statements have not been approved by the board at the time of the creation of this memorandum.

Sites have been visited by our contracted Food Service Manager, who has been busy with reaching out about daily meal counts and troubleshooting issues as they come up. They have also travelled out to sites to do annual site reviews for the National School Lunch Program (NSLP). Local site reviews are required to make sure that Districts are following the NSLP's meal portion and serving requirements and are due mid-February. Attached are the NMS Surveys from FY23 and FY25, as well as the USDA's Nutrition Assistance Programs report for the US as of June 2025. The most recent USDA food survey sent out was to gather information for the State regarding what the schools want to order for commodities. No results of this survey have been provided.

Our FY27 student projection has been submitted to the State by Student Services, so I am beginning to work against the District's FY27 budget development schedule to start the FY25 budget. This draft budget will be reviewed by the Budget committee at a later date, and brought forward to the Board during the FY27 Budget Worksession in March.

There have been some personnel changes in the Business Office since the last report. Andrea Bailey, previously Accounts Payable Clerk, has accepted the opportunity to learn the position of Assistant Payroll Officer. The Business Office is currently hiring for a new Accounts Payable clerk.

Variety of foods from all other countries would be interesting, because this will make them aware of what can be fixed or served.

4/17/2023 03:23 PM

need more variety meals for breakfast and lunch, instead of just one item and small portions. add more fruit also.

More flavoring with local cooks rather than packaged meals. If we must have packaged meals, then improve the flavoring to make them more palatable. Fresh fruit, more variety of vegetables, fruits, and entree's.

4/15/2023 10:10 AM

Not enough meat, too much processed food

4/14/2023 11:59 PM

Get a better menu for our children they are our future

4/14/2023 08:25 PM

It should be a drug free area. The worker here smokes weed and sometimes it stinks. Kids don't need to smell it!

4/14/2023 04:15 PM

Too many small course meals, not many choices

4/14/2023 04:10 PM

4/14/2023 01:58 PM

just bringing back home cooked meals so the kids can enjoy and be satisfied with what they eat.

4/14/2023 01:55 PM

Please offer more lunch options, the menu is repeated too much. It would be nice to see more fresh fruits also, understanding that winter months are hard to get fresh fruits but not impossible. The basic seasonings (salt and pepper) should be brought back as the one-serving packers to offer to each student.

4/14/2023 11:43 AM

When there is nana meetings or dinners
they serve real good meals, here our
students starve and don't like what's
being served for their breakfast and

lunch! Red dog have lots of fresh food too,
our kids are more important on what they
eat, so do better!

4/14/2023 11:24 AM

Please bring back our salad bar and
nachos.

4/14/2023 11:20 AM

4/13/2023 09:02 PM

4/13/2023 03:34 PM

The food is decent, but the menu is rarely followed.

4/13/2023 03:17 PM

Not right now.

4/13/2023 03:12 PM

4/13/2023 03:09 PM

Poor meals, its always brown rice with peanut butter sandwiches n fruit. N ever since school started its always tater tot's with beans every time.

4/13/2023 03:05 PM

Yes, I would like to make a comment to Nana Corporation. Why have 5 star meal to the adults at Red Dog Mine and Prudhoe Bay and give these kids snacks for meals. A lot of money spent on adult food and most of that food probably goes in the trash while our future generation students get poor snack meals while in School and ask their teachers for snacks because they are still hungry. SAD

4/13/2023 02:52 PM

I would like to see more native foods such as caribou, moose, fish, seal oil,etc.

The food service staff is friendly and helpful. Priscilla is especially friendly and knows the majority of the students. She greets them by their first names.

4/12/2023 12:44 PM

There is too much processed heat up food. Need to start serving home cooked meals. Not heat ups

4/12/2023 11:56 AM

Food for students is minimal, not fulfilling & unappetizing. Maybe because we're from the village and not Kotzebue.

4/12/2023 11:48 AM

Meals were more nutritional when the school employed the workers. NMS is making money on our children's health and funneling our people into unhealthy habits- adults with obesity, high blood pressure and diabetes. We are saddened by this.

4/12/2023 11:35 AM

Since I travel in the District, I see many students wasting food.... in some instances, I've seen students only eat ketchup (so unhealthy) and staff allowed her to eat only that. On a positive note, I do appreciate the healthy fruit and vegetables that are offered to students during lunches.

4/12/2023 10:58 AM

The nutrition program is a joke and a disservice to our students.

4/12/2023 10:58 AM

too much processed food.

4/12/2023 08:14 AM

4/11/2023 10:20 PM

He enjoys the fresh veggies too. Thanks!

4/11/2023 09:55 PM

We miss the salad bar Also it would be cool if we could pay community members / parents to come in and cook traditional food for the kids sometimes. Or pay them for gas to go out hunting

4/11/2023 07:05 PM

No

4/11/2023 07:00 PM

It would be nice to see more whole foods. The fruit and vegetables are a nice offering. I think some students would benefit from an alternate offering, such as

PBJ, so they are still getting something to eat.

4/11/2023 06:31 PM

We have the worst food and I feel bad for our kids who needs the good nutrition to grow. Kids don't work good starving. My kids come home starving, everyday we have to have a hot homemade meal for them when they get off school. They complain the heat ups or not heated enough. Always be ice cold. That's sad. Bring back.the homemade meals!!!

4/11/2023 04:45 PM

Please serve the children better meals, healthy or not, children don't have access

to all healthy meals everyday so why force it in the school? Serve them what they will eat willingly, would be nice to quit spending so much money on lunch because a kid says it's nasty everyday!

4/11/2023 04:40 PM

The cafeteria Culinary Arts instructor at ATC, don't respect the high school students or ATC students during lunch.

4/11/2023 03:27 PM

Many of the students love the fresh veggies, especially the fresh broccoli. It is nice to see the effort the district takes to get the students fresh produce.

4/11/2023 03:26 PM

4/11/2023 03:10 PM

They need fresh fruit like any other village get, and cook different food like how we did when we were younger, take nms off and go bck to how it was to have everything on your tray, instead of hearing your kids complain about food ever day.

4/11/2023 03:09 PM

4/11/2023 03:02 PM

4/11/2023 02:54 PM

Please make adjustments to the menu for both breakfast and lunch. Our students would be happy for better food with more portions.

4/11/2023 02:51 PM

It would be nice to have more options for the meals, and have a more rounded meal provided for the students. it feels like they're given goldfish, rice, applesauce for their side dishes and repeat every day. More of a variety with the main dish including the salad bar with a variety of vegetables would be nice.

4/11/2023 02:46 PM

Why isn't their spinach ??

4/11/2023 02:44 PM

The nutrition program is a farce. The options offered are not healthy, contain too many preservatives and have been shown to have negative effects on focus and learning.

4/11/2023 02:41 PM

It would be good if the cafeteria had a water bottle filling station

4/11/2023 02:36 PM

Us NATIVE ESKIMO's have a different diet and our poor children have to go attend school with the horriblest food served. EVERYDAY our children go home hungry from school due to the food that is offered to attend school for about 7 hours at the school.

4/11/2023 02:36 PM

we should be having more breakfast time. sometimes kids come in late and now they are more strict to bring food in the classrooms. feeding kids equally not favoring their relatives in having 3rds.

4/11/2023 02:32 PM

District needs to find a way to go back to the old system and ditch NMS!

4/11/2023 02:32 PM

Alaskan kids do not fall under the national ratings per calories a child needs. Want better performance in the classroom- feed the kids home cooked meals, not calorie restricted.

4/11/2023 02:29 PM

Our staff works really hard to meet the nutritional needs of our students. Great Management of the program.

4/11/2023 02:23 PM

bring back actual cooking instead of reheating frozen food

4/11/2023 02:22 PM

bring back actual cooking instead of reheating frozen food

4/11/2023 02:22 PM

You guys feed our kids crap n red dog meals you guys treat them w love

4/11/2023 02:22 PM

It would be awesome to offer in packaged form gluten and egg free options for students who can't eat otherwise anything else.

4/11/2023 02:21 PM

Make food like how Rowena Foster used to back in the day before Michelle Obama made our kids school food poor.

4/11/2023 02:15 PM

We need to get back to home-cooked meals. NO high school students have been participating in the breakfast program; there is hardly anything to eat.

4/11/2023 02:11 PM

Quit heating up pre cooked meals and actually cook a meal

4/11/2023 02:10 PM

Please send ingredients to make homemade meals instead of just pre-made items. Would be much more healthy and delicious.

4/11/2023 02:09 PM

cook won't let kids have cups to drink out of

4/11/2023 02:09 PM

It would be great to have PB&J as an option everyday. There are lots of kids eating noodles (not healthy option) because they don't like the lunches provided.

4/11/2023 02:07 PM

Whole milk is a much better milk for young brains than no fat milk which the kids don't like anyway unless you add chocolate to it.

4/11/2023 02:07 PM

Have the cooks cook, not just heat ups pre cooked food

4/11/2023 02:07 PM

Bring back spaghetti, nachos, blue berries, fresh or frozen fruit. Stew, can have parents donate moose or caribou for items once a week or everyone week?

4/11/2023 02:06 PM

I feel like there are a lot of vegetables and sides that go to waste. It would be nice if we could figure out a way to compost them or donate them to mushers to feed their dogs or something.

4/11/2023 02:06 PM

Survey the students also

4/11/2023 02:02 PM

I would like all the food to be distributed and the servers to not take any "leftovers" home

4/11/2023 02:01 PM

I believe they can do a better job at feeding our kids in school, parents have been asked to bring snacks to carry em thru the day

4/11/2023 01:59 PM

They need too make the meals more edible

4/11/2023 01:59 PM

One of kids I hear requests salad and fruit bar

4/11/2023 01:59 PM

It would be nice to switch back to the "real deal" home cooked meal for the children. It goes both ways, we don't work

"nicely" if we are hungry, what makes you think the kids will "learn" let alone want to be taught with an empty stomach.

4/11/2023 01:58 PM

no

4/11/2023 01:56 PM

Why isn't Alaska food chain the same as lower 48's menu. I see they have more food options to choose from.

4/11/2023 01:56 PM

The quality of the food--breakfast in particular could be better. Yogurt, cereal bars, pre-baked muffins, graham crackers are full of sugar that is quickly used up and students are hungry again before lunch, especially with a lack of good protein. Many students do not eat breakfast at all when these things are served--which is the majority of the time. They eat much better when there is a hot breakfast such as breakfast pizza, eggs breakfast burritos or breakfast sandwiches. It would be nice to see more of this kind of breakfast served.

4/11/2023 01:55 PM

Bring back salad bar less processed food

4/11/2023 01:55 PM

Why my kids don't like to eat the food? They come home so hungry. Please improve on cooking so my child can eat good and not be hungry!!! They don't like bringing snacks because it's not allowed

in school. They don't get snack time like the little kids.

4/11/2023 01:54 PM

Please provide children breakfast and lunch menus. So we know what they have. Or when they have lunch

4/11/2023 01:54 PM

The adult lunches are very expensive. Adults would eat more if it didn't cost quite so much. Could we have a salad bar? Adults would pay \$9 for that, I think.

4/11/2023 01:54 PM

Noorvik cooks don't make enough food for students

4/11/2023 01:53 PM

Mostly heat up food. No cooked meals from the cook we have

4/11/2023 01:53 PM

Drop NMS and bring foodservice back under the full employ of the school district. NMS flies people back and forth across the country to work here but doesn't even provide access to a retirement or decent benefits. (This applies to janitorial as well.) Their prices are ridiculous, and the service provided just doesn't match it.

4/11/2023 01:50 PM

During testing times, make sure the cafeteria has the best meals

4/11/2023 01:48 PM

The cooks talk mean and give attitude to the children. That makes the children scared to even ask for stuff from them. So that's really something to work on and change.

4/11/2023 01:48 PM

Make cooked breakfast and lunch meals, no more heat ups

4/11/2023 01:48 PM

Always complain about this nothing gets done

4/11/2023 01:47 PM

I wish we can Eat better Meals that are just Right Cooked

4/11/2023 01:46 PM

Just please teach our children how to feed themselves off the land! Hunters get the meat, students, cut process and store away in school kitchen for every lunch !! Home Economics Class was good for me!!! I learn to cook & sew! Built a Rocking horse Let it be fun!!!

4/11/2023 01:46 PM

Fix the kids attitude

4/11/2023 01:45 PM

Change who caters the food. Meals are always the same year after year. It never changes for about 3 or 4 years.

4/11/2023 01:45 PM

we need to get our own school district provide food like it used too before nana

took over we had homemade meals not
heat ups too much heat ups they don't
have a taste to them

4/11/2023 01:45 PM

Bring back a kitchen staff that could cook
meals for our children. To much heat up
foods

4/11/2023 01:44 PM

None at the moment.

4/11/2023 01:44 PM

I'd like to see more salad bar options
(beans, salad dressing choices), and
more variety in sides.

4/11/2023 01:44 PM

No

4/11/2023 01:43 PM

vegetables

4/11/2023 01:42 PM

Cooked meals were the best while I was
growing up.

4/11/2023 01:42 PM

I feel like more fresh options would be
nice. I realize we are in the arctic circle
but canned fruit and things to that nature
is good enough for me.

4/11/2023 01:41 PM

Need food like Red Dog workers eat!

4/11/2023 01:41 PM

It's good

4/11/2023 01:41 PM

There need to be more options for
students, including a salad bar.

4/11/2023 01:40 PM

No

4/11/2023 01:40 PM

4/11/2023 01:40 PM

Not too sure school program seems to
have a nice selection, my daughter just
prefers to eat at home.

4/11/2023 01:39 PM

Make what the kids and adults like...I go
pay 9.50 for food I wouldn't even
eat....make caribou and fish once in a
great while quit denying donations

4/11/2023 01:39 PM

The program isn't a good one, the kids are
always starving and the food isn't
prepared correctly. How can the food still
be frozen in the middle.

4/11/2023 01:39 PM

Our kids eat breakfast at home n take
noodles 4 lunch n still go home starving

*States tend to distribute multiple months of P-EBT benefits in a single issuance. Benefits distributed in June, for example, may represent the value of P-EBT benefits for participants' virtual school days in the months of March through May. Because states distribute multiple months of benefits in a single issuance, participant counts must be interpreted with caution. Participants who receive a combined P-EBT benefit in June for the months of March through May will appear in the participant count for June only. A household or person who receives a combined benefit for March and April in June, and a second combined benefit for May and June in July will appear in the June and July participant counts. As result, the number of P-EBT beneficiaries is much greater than any single monthly count, but summing the participant counts across months will overstate the number of beneficiaries.
