School Processes & Programs

School Processes & Programs Summary

School Processes and Programs

Curriculum and Instruction:

Our campus utilizes the district approved curriculum to provide meaningful instruction to students in order to receive a well-rounded education that covers the state TEKS.

Identified students receive Dyslexia, GT and SPED services.

Students in 4th and 5th grade utilize AVID strategies.

Imagine Learning for Reading and Math, MAP, Short Cycle Assessments, CogAT, Naglieri, Released STAAR, and STAAR assessments are administered to students in the appropriate grade levels to monitor student progress.

School Context and Organization:

The Murry Fly community has a strong family feel and staff work together to meet the needs of individual students. Teachers through efficient progress monitoring know the needs of individual students and take steps to assist students when struggling. RtI meetings are scheduled to identify needs and develop goals to assist students in making progress. Speech, dyslexia and SPED referrals are submitted when the teacher and committee determine that an individual student needs additional support. Teachers participate in weekly PLC meetings and plan together weekly to support each member of the grade level in planning lessons that will support students.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: Parent participation in reading and math night decreased in 2020-2021. **Root Cause:** Virtual meetings are not effective.
