RE: 3 Year Contract Extension

Tomahawk Bus Service is proposing a three-year contract extension beginning with the 2023/2024 school year to run through the 2027/2028 school year. In these unstable financial times, this extension is necessary to increase our ability to finance bus and other large purchases.

The percentage of increase would be factored as it has been in the past, according to the CPI, not less than 2% but not more than 6%.

Tomahawk Bus Service looks forward to continuing and building upon the relationship we have developed over the years.

Respectfully,

Kevin Frey
Manager – Tomahawk Bus Service
