904 - DISTRIBUTION OF MATERIALS ON SCHOOL DISTRICT PROPERTY BY NON-SCHOOL PERSONS

□

I. PURPOSE

The purpose of this policy is to provide for distribution of materials appropriate to the school setting by non-staff and non-students on school district property in a reasonable time, place, and manner which does not disrupt the educational program nor interfere with the educational objectives of the school district.

II. GENERAL STATEMENT OF POLICY

The school board adopts the following regulations and procedures:

- A. To provide a method for non-school persons and organizations to distribute materials appropriate to the school setting and mission, within the limitations and provisions of this policy.
- B. To provide for orderly and non-disruptive distribution of materials.

III. DEFINITIONS

- A. "Distribution" means circulation or dissemination of material by means of handing out free copies, selling or offering copies for sale, accepting donations for copies, or posting or displaying material.
- B. "Materials" includes all materials and objects intended by non-school persons or non-school organizations for distribution. Examples of non-school-sponsored materials include but are not limited to leaflets, brochures, buttons, badges, flyers, petitions, posters, underground newspapers whether written by students, employees or others, and tangible objects.
- C. "Non-school person" means any person who is not currently enrolled as a student in or employed by the school district.

that the material, taken as a whole, appeals to the prurient interest of minors of the age to whom distribution is requested;

2. The material depicts or describes, in a manner that is patently offensive to prevailing standards in the adult community concerning how such conduct should be presented to minors of the age to whom distribution is requested, sexual conduct such as intimate sexual acts, masturbation, excretory functions, and lewd exhibition of the genitals; and
  3. The material, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.
- E. "Minor" means any person under the age of eighteen (18).
- F. "Material and substantial disruption" of a normal school activity means:
1. Where the normal school activity is an educational program of the school district for which student attendance is compulsory, "material and substantial disruption" is defined as any disruption, which interferes with or impedes the implementation of that program.
  2. Where the normal school activity is voluntary in nature (including school athletic events, school plays and concerts, and lunch periods) "material and substantial disruption" is defined as student rioting, unlawful seizures of property, conduct inappropriate to the event, participation in a school boycott, demonstration, sit-in, stand-in, walk-out, or other related forms of activity.

In order for expression to be considered disruptive, there must exist specific facts upon which the likelihood of disruption can be forecast, including past experience in the school, current events influencing student activities and behavior, and instances of actual or threatened disruption relating to the written material in question.

- G. "School activities" means any activity sponsored by the school district, including but not limited to, classroom work, library activities, physical education classes, official assemblies and other similar gatherings, school dances, on-site athletic contests, band concerts, school plays, and in-school lunch periods.
- H. "Libelous" is a false and unprivileged statement about a specific individual that tends to harm the individual's reputation or to lower him or her in the esteem of the community.

#### IV. GUIDELINES

- A. Non-school persons and organizations may, within the provisions of this policy, be granted permission to distribute, at reasonable times and places as set forth in this policy, and in a reasonable manner, materials and objects which are appropriate to the

school setting.

- B. Requests for distribution of materials will be reviewed by the administration on a case-by-case basis. However, distribution of the following materials is always prohibited.

Material that:

1. is obscene to minors;
2. is libelous;
3. is pervasively indecent or vulgar or contains any indecent or vulgar language or representations, with a determination made as to the appropriateness of the material for the age level of students to which it is intended.
4. advertises any product or service not permitted to minors by law;
5. advocates violence or other illegal conduct;
6. constitutes insulting or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person's sexual orientation, race, religious beliefs or ethnic/family origin);
7. presents a clear and present likelihood that, either because of its content or the manner of distribution, it will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities, will cause the commission of unlawful acts or the violation of lawful school regulations.

- C. Permission to distribute materials by non-school persons on school district property is a privilege and not a right. In making decisions regarding permission for such distribution, the administration will consider factors including, but not limited to the following:

1. whether the material is educationally related;
2. the extent to which distribution is likely to cause disruption of or interference with the school district's educational objectives, discipline or school activities;
3. the quantity or size of materials to be distributed;
4. whether distribution would require assignment of school district staff, use of school district equipment or other resources;

5. whether distribution would require that non-school persons be present on the school grounds;

V. TIME, PLACE, AND MANNER OF DISTRIBUTION

If permission is granted pursuant to this policy for the distribution of any materials, the time, place and manner of distribution will be solely within the discretion of the administration, consistent with the provisions of this policy.

VI. VIOLATION OF POLICY

Any party violating this policy or distributing materials without permission will be directed to leave the school property immediately and, if necessary, the police will be called.

The school district administration may develop any additional guidelines and procedures necessary to implement this policy for submission to the school board for approval. Upon approval by the school board, such guidelines and procedures shall be an addendum to this policy.
