

CRAIG CITY SCHOOL DISTRICT BOARD OF EDUCATION GOALS

1. Increase public input and involvement in school governance by involving members of the public in committee work, and increasing interest in potential school board members.
2. Refine filing system for governance documents that allows the work of the board to be recorded, archived, and used by future boards.
3. Complete the implementation of comprehensive evaluation tool for the certified staff and building principals.
4. Support organizational excellence through a defined professional development plan.
5. Establish a long-term financial stability plan outside of the budget process in recognition of the potential for significant drop in state funding.
