Dear School Board,

August 28, 2019

School started at Big Sky with 28 students. We have 5 first graders who just started school. Students and staff have been busy with reviewing procedures, expectations, and MBI goals of being respectful, responsible, and safe.

Students are eager to learn and are excited to have the Rangers and Mr. Andreas visit this school year. The Rangers will be teaching the students about constellations this year. Mr. Andreas will be working on the Virtues Curriculum with students.

We welcome Ms. Jackie “Candy” Hall to our staff at Big Sky as the Teacher Aide. She has experience working with multi-grade classrooms and her experience will greatly help our team.

Attendance has been great at Big Sky and Glendale; only one student has missed a full day at Big Sky. So far we met with 5 parents at Big Sky and have sent handbook addendums home for parents to read. There have been zero behavior referrals.

We’re looking forward to a positive year with lots of academic growth. Hopefully everyone in BPS has had a positive beginning to the school year with many good days to come.

Thanks,
Natasha Siliezar, Teacher/Principal
Willie Sharp, Teacher
Candy Hall, Teacher Aide
