Re: Board Resolution for Serious Safety Hazard Approval

Article 5/29-3 requires the School Board to annually review all serious safety hazards approved by the Illinois Department of Transportation to verify that the hazardous conditions remain unchanged. This resolution is required as part of our reimbursement claim for transportation. Approval of the resolution allows reimbursement for transporting students who live less than 1.5 miles from school at a higher rate. This resolution was first enacted in 1980. Without the resolution, the District would only be able to claim a lower reimbursement for transporting students who live less than 1.5 miles without an approved serious safety hazard.

It is recommended that the board adopt the attached resolution.

RESOLUTION

To authorize the administration to submit a request for continued free transportation for the school year 2017-2018 for the identified population approved at the August 20, 1980 Board meeting as part of a Serious Safety Hazard Finding application submitted to the Illinois Department of Transportation. The Board certifies that the Type I conditions identified for both Pleasantdale Middle School (North) and Pleasantdale Elementary (South) School remain unchanged and continue to constitute serious safety hazards for the 2017-2018 school year. The sequence numbers of the hazardous conditions are as follows – 107-80-1; 107-80-2; and 107-81-1.
