

Site Report – Igiugig – March, 2024

To: Superintendent Kasie Luke
and LPSD School Board Members

From: Stephanie Canning, Headteacher

Outstanding Activities and Events

Morning meetings have been filled with fun, laughter, and community. The activities are centered around building a community of learners and friends. We celebrated our February Students of the Month and Employee of the Month. Congratulations to Addi Salmon-Anelon, Luke Salmon-Anelon, Bode Strub, Avery Nelson, and Ida Nelson! We congratulated them with a special potluck on the 10th of April. Our March Student and Employee of the Month will be; Kenzie Nickoli, Erika Salmon-Anelon, Chael Nelson, and Gabbie Cruz! We will celebrate those individuals at the end of April. We were so fortunate to have hosted the District basketball tournament this year. I especially felt tearful, getting to award students from each of the three sites I have taught at. Students were also pranked very well on April Fool's Day, all their chairs gone!

Personnel

All classified and certified positions are still filled :)

Standards-Based System/Curriculum Progress

Students take Yup'ik language lessons 4 times a week, Monday-Thursday, and Yuraq on Fridays. As well as participation in the Yup'ik language lessons held online by ANE. Students are finishing up standards and preparing to take their EOLS in reading, math, and writing.

Technology Insights

All technology is running well and up to date. Prepared for State Testing

Facility Update

We are waiting on bulb replacements for two gym lights.

LSAC Activity

LSAC held its most recent meeting on March 28. We discussed EOY, Goose Camp, and State Testing.

Volunteer Report

Quyanaqvaa to all parents, community members, and stakeholders who helped out during Districts! Their help did not go unrecognized, and the smoothness of the event was all due in part to the volunteers!
Professional Development
Ms. Cruz continues to work with UAA to perform an audit on the culturally responsive certification program. Ms Canning continues to pursue her master's in educational administration. Our SPED paras have been working hard to study courses related to SPED on DEED.
Pupil % Attendance K-12
Attendance remains strong, with almost 100% daily attendance.
Student and Staff Safety
Nothing to report.
Subsistence Calendar
The Subsistence calendar has received no negative comments from the community.
