

Executive Summary Finance Committee Meeting

DATE: December 15, 2022

TOPIC: Raptor Technologies, LLC Subscription Agreement

PREPARED BY: Jordan Stephen

Recommended for:

- Action
- Discussion
- Information

Purpose/Background:

The District's Agreement with Raptor Technologies, LLC is up for renewal. The District has used Raptor's Visitor Management System for the past 8 years to enhance building security by checking a visitor's government issued photo ID against national databases of registered sex offenders as well as a custom list of prohibited persons and the system provides temporary badges that identify the visitor's name, date, and purpose of visit.

During our communications with Raptor Technologies, they informed us that all customers are being asked to sign new contracts with the organization. Legal Counsel has reviewed the new contract and purchase and subscription agreement and has authored an amendment for Raptor Technologies to sign. This amendment covers arbitration, indemnification and limitation of liability clauses. The vendor has agreed to these terms and has signed these documents. Counsel did indicate that if the district decides to integrate Raptor with the district's Students Information System, then at that point the District would need to include a new contract or NPDA that would address SOPPA concerns.

Fiscal Impact:

\$3,125 (\$625 per location) for the usage and support of the Raptor Technologies Product.

The District paid Raptor Technologies, LLC \$2,975 in 2021-2022

Recommendation:

It is the Administrative recommendation that the Finance Committee concurs to recommend to the Board of Education to approve the Agreement with Raptor Technologies, LLC for Visitor Management System in the amount of \$3,125 from February 1, 2023 to January 31, 2024.
