Becker, MN 55308
May 27, 2010

Dear Mr. Dooley,

I am applying for the School/Community Liaison position at Becker Schools, which was posted internally this week. I am aware of the job requirements and the position fits my career interests and education.

Currently, I am in my 18th year teaching fourth grade in the Becker School district. I recently finished my K-12 Principal Licensure through Saint Mary's University of Minnesota and I am anxious to put my skills to use. During my internship I had the experience of working as the administrator in charge of the Targeted Services Program in the Becker Intermediate and Becker Primary Schools. This experience helped to develop my skills in organization, communication, finance and data analysis. These are all skills that are listed under this particular job requirement. I understand that this position also requires a team approach, as I would be working with staff to facilitate the District Cultural Diversity Program.

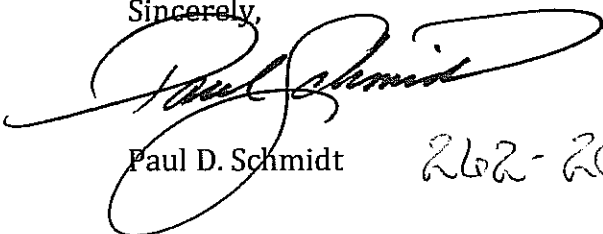

Over the last four years I have taught third and fourth grade art. This experience along with my art background will be beneficial in implementing Becker's Cultural Diversity Plan. My strong leadership skills will be important in our development of this program, and I am certain that I can provide the direction necessary to reach these goals.

I have confidence that my course work, internship, and teaching experience has laid the foundation for me to move in an administrative direction. I am excited about the possibilities of working for our school district in a new and challenging role of providing cultural diverse opportunities for our students, staff, and community.

I would be interested in discussing this position with you in detail at your convenience.

Thank you for your consideration.

Sincerely,

A large, stylized handwritten signature in black ink, appearing to read "Paul Schmidt".

Paul D. Schmidt
