**Action**

- A. An amendment to TPSD Policy JJIE Drug and Steroid Use in School Athletics is presented for consideration for approval. Revisions to this policy were made after lengthy discussions with THS Principal Mac Curlee and Athletic Director Danny Porter. The proposed revisions increases the penalty to athletes for testing positive for drugs and also clarifies the responsible parties for the drug counseling and drug testing after a positive test is returned.
  
- B. An amendment to TPSD Policy Exhibit EFD-E Food Prices is presented for consideration for approval. Student meal prices have not changed for several years and during the last two years food and supply costs have increased.
