MEMORANDUM

To: Dr. Lynda Villanueva

From: Jacob Atkin/Renea Woodruff

Date: January 15, 2026

Subject: Board Financials for **December 31, 2025**

Attached are the financial reports for the month ended December 31, 2025, reflecting activity for the fourth month of FY 2026. Overall revenues are trending slightly above the budget, primarily due to higher-than-expected tuition from out-of-district, non-resident, and dual credit students. As of December, expenses are trending below the projection, largely due to the timing of various contracts renewals and other operating expenses as compared to prior year.

Revenues for December

Key Highlights

- Tuition – While In-District Tuition came in below the projected monthly budget primarily due to the delay in Huntsville Campus tuition. There was a delay in posting approximately \$396K for the Huntsville Campus that will show up in the January revenues. The Out-of-District and Non-Resident tuition increased by 4% and 59%, respectively.
- Dual Credit Tuition is above the projected monthly budget by \$130K. Year-to-date DC tuition has already exceeded the overall budget of \$2.1M as of December 2025.
- Tuition Waivers & TPEG are below the projected monthly budget by 23% which is favorable, meaning less waivers were distributed compared to prior year.
- Student fees (Registration, Student Services, Technology, etc.) are below the projected monthly budget by \$290K or 31% with the exception of Laboratory Fees increasing by \$9,385 or 23%.
- MyBooks Fees were below the monthly budget by \$142K or 40%. And MyBooks Waivers were higher than projected by \$21K.
- District Taxes (M&O and I&S and In Lieu of Taxes) – District tax collections exceeded the December 2025 monthly budget projections by \$1,075,819. This is primarily due to timing of collections and posting of payments by the Tax Assessor's office.
- Workforce/Continuing Education Revenues had a positive variance of \$11K above the projected monthly amount, likely due to timing of course offerings and courses offered.
- Interest income exceeded the monthly budget projection by \$113K or 81%, primarily due to the timing of investment maturities and scheduled interest payment dates, which fluctuate throughout the year. The year-to-date interest income is on target with the overall budget at 33.6%.

Expenses for December

Key Highlights

- Personnel Costs were slightly higher than projected at 2% for the month of December.
- Computer Software was higher than the budget projection for the month due to timing of expenses compared to FY 2025. In the current year, a new account was established for the Computer Software as opposed to being included with Contract Services.

- Operating expenses such as Instruction Contract Services, Repairs and Maintenance expenses were lower than the projected budget, due to timing of contracts being renewed.
- Travel expenses were lower than the projected amount for December by \$62K or 59%. This is likely due to the timing of travel expenses being recorded.
- Other operating expenses are below the projections for December, primarily due to the timing of bookstore inventory purchases.

Cash Position

Our cash position is strong. The estimated cash balance as of December 2025 is approximately \$57 million. Of the cash balance, \$24.1 million is Operating Funds and Construction Funds; \$31.9 million in Board Reserves; and \$1 million in Lost Revenue Funds we acquired through the CARES Grant.

Overall, there was a net increase of approximately \$6.6 million for December. The projections presented here are based on current data and trends. While they provide a preliminary view of the fiscal year, final results will not be determinable until closer to year-end. We will continue to monitor activity and update projections as more information becomes available.
