## **June 2025 Consent Calendar-Thrive Therapy School Based Mental Health Services**

To: Board of Education  
CC: Dr. Jay Morrow  
From: Shannon Miller, Director of Curriculum and Instruction  
Re: 2025-2026 Thrive Therapy Based Mental Health Contracted Service Agreement

This will be the second year that United Township High School District 30 has contracted school-based mental health services with Thrive Therapy. The proposed contract maintains the current level of services, offered five days a week, at a cost of \$8,200 per month. This represents a \$2,000 increase from the previous year and will be funded through our Schoolwide Title Funds.

We recommend continuing services with Thrive Therapy for the 2025-2026 school year, and as part of the consent calendar, we will be requesting the Board of Education's approval for the 2025-2026 Thrive Therapy contracted services agreement. The formal contract is attached for a detailed review of services provided to our students.
