February 2018 Board Report

Curriculum and Campus Updates

February is a busy month in Pre-K! This month we will introduce our families to parent portals. The CLI portals allow parents to log in and view student data. This digital resource provides targeted instructional activities to use at home. We are excited about participating in the Destination Imagination competition in Justin, TX. Our instructional focus is health, so we will discuss healthy habits and healthy snacks. Dr. Scarborough will teach students to keep their teeth and gums healthy as well as what to expect when you go to the dentist. We will end February with a unit on dinosaurs and a pets unit. We have begun learning our letter sounds, and in February we will introduce the letter sounds /f/, /n/, /c/, /h/, /y/ and /b/. We will listen for those sounds in words as well as produce rhyming words. Math will take us through the numbers 6, 7, 8, 9 and 10. We will make sets, add and subtract, and share equally. During the month of February we will have our last holiday party of the school year. Our Valentine's party will be on Wednesday, February 14th from 10:00 to 10:30.

Professional Development

Learning never ceases at Franklin Elementary. This month the Texas PTA will present 40 Developmental Assets for parents and staff. Staff members will facilitate professional learning communities on the following PreK Guidelines from the Children's Learning Institute and TEA: social studies and fine arts.
