

TB Board Report

March 2018

Submitted by: Alan Schwab, Principal

March is flying by and the calendar for the rest of the year is filling up fast. MAPS testing is complete and the schedule for PEAKS testing is set for Thorne Bay school. We will test at the end of March as the window opens up.

The Boys and Girls basketball teams returned from Regionals and it was a fun and successful trip for the students who attended. Both teams had 2 students who were awarded the "Good Sport" award and the Boys team had 2 players named to the all region team. Congrats to the coaches and players for a great season!

Middle School Volleyball is underway and Mr. Martin has been working hard to help the students get ready to play, they will be playing teams from Craig, Klawock, Naukati and Whale Pass. Also Elementary Basketball will be starting on the 19th and we wish everyone good luck on these seasons.

The elective classes are busy and learning many skills in their respective classes, there are students participating in Culinary Arts, Design Fabrication-Welding, Woods, Ceramics, Art , Music and Photography, It is amazing to see all that is being accomplished in these classes!

The younger classes have been busy learning and participating in "Dr. Seuss" b-day activities, 100th day of school celebrations and learning about the history and activities of St. Patrick's Day. Thanks to all the hard work and efforts of the teachers and aides to make all these fun celebrations a reality to the students.

We appreciate the support of the Board and Superintendent as we go through each day of the year. Please stop by anytime and see the many things that our students and teachers are accomplishing!
