Perfect attendance, flu season, your child's well being and everyone else's!

This year's flu season promises to be one of the worst in recent history in terms of the number of people who will be affected by flu this year. The projected statistics, severity of the flu-like symptoms and heightened sensitivity to this issue has prompted us to re-think how we recognize attendance at Evergreen. We will still reward good attendance and recognize attendance at our awards assemblies. What is in question for us is if we will continue to recognize "perfect" attendance. The concept being that we do not want a student or parent worrying about coming to school to keep their perfect record in tact. The key is to keep your child home when they are sick. The most important symptoms to pay attention to are: an elevated fever of 100 degrees+, cough, sore throat and sore/achy muscles.

After School Enrichment Classes Are Back!!!!

We are excited to announce that Evergreen has received another 21st Century Grant which will allow us to provide after school classes again this year. We will be working with our partners; The Boys and Girls Club, Siskiyou Field Institute, the Illinois Valley Arts Council, Kerbyville Museum and College Dreams to afford fun, academic and enrichment activities for our students. Be watching your child's backpack for upcoming information on further classes.
