Master of Education

Licensed Clinical Professional Counselor

Marriage and Family Therapist

PROPOSAL FOR TELE-MENTAL HEALTH SERVICES FOR THE BROWNING SCHOOL DISTRICT

Purpose: An inexpensive way to continue to provide quality mental health services to students, faculty and community.

Services

- Provide confidential, quality and assessable mental health services via tele-health for up to twenty clients per week.
- Provide up to two groups per week in addition to the 20 clients.
- Provide an opportunity for families to participate in their child's therapy via Family Counseling.
- Partner and work with school's personnel to address specific concerns for students, i.e. trauma, behavior, etc.
- During vacations that last longer than a week, I would continue seeing clients. If they are unable to make the appointments during the vacation period, I would "check in" in a confidential manner that best fits the clients. This includes the summer months.
- Provide mental health services to district employees.
- Provide continued supervision of Licensed Clinical Professional Counselor Candidates.

Expenses I am responsible for:

- Provided at my cost, my own Professional Liability insurance.
- Provided at my cost, my own Tribal Business License.
- Provide at my cost, my own State Business License.
- Provided at my cost, my yearly renewal of my two professional licenses.
- Provided at my cost, Subscription to Simple Practice, an online service that provides confidential scheduling, client portal, confidential tele-mental health and third party billing.

Compensation: The cost for the district will be \$2000.00 per month for twelve months, to be renegotiated at the end of the fiscal year. The parties recognize this is a base salary, which covers one week of expenses for 20 clients a week or five clients a month. The three weeks or additional clients will be billed by me via a third party; ex. Medicaid or private insurance.

It has been my honor to be part of the school district and community for over 24 years. I look forward to continuing our partnership, as we work together to have a positive impact on the lives of our students, school and community.
