

Special Recognition – Chief Financial Officer, Fadil Limani

We would like to honor and recognize our Chief Financial Officer, Mr. Fadil Limani, for helping our school district regain its financial footing.

As NSBSD's chief financial officer (CFO), Fadil is the senior executive responsible for managing the financial actions of our school district. The CFO's duties include tracking cash flow and financial planning as well as analyzing the school district's financial strengths and weaknesses and proposing corrective actions – measures that Mr. Limani has carefully planned, developed and orchestrated to improve the financial health and stability of our district since coming on board in December 2019.

With Mr. Limani's financial acumen in tandem with key players, the school district is gradually putting checks and balances in place so that processes and protocols work consecutively to promote its financial strength.

One of the components that Mr. Limani has spearheaded is ensuring that all the departments and principals are trained in Tyler to understand financial processes the district uses. Under his guidance, financial protocols are being developed and implemented and corrective actions taken so the school district can operate within specified budgets and is protected from being susceptible to overspending, mismanagement and/or other fraudulent activities – thanks to the financial insight of Mr. Limani.

It is with great appreciation of his role as CFO and his commitment and dedication to ensuring that the school district is financially stable and healthy that we are pleased to honor Mr. Limani with this certificate of recognition.
