**Subject: NDSEC Classroom Rental Agreement**

Each year, the District approves a rental agreement with NDSEC to provide classroom space for students in the cooperative's programs. At the last meeting, it was shared that the same spaces will be requested for next year.

The District receives \$45,000 in rental income from NDSEC for the use of three separate classrooms (two at DuJardin, & one at Westfield) to serve students in life and social skills programs. Thirteen students from District 13 are served within their home attendance boundaries as a result of this agreement.

**Recommendation:** The Board approve the classroom lease agreement with NDSEC as presented.
