Staff/Administrator: Amy Saparto Superintendent: Dan Huber-Kantola
Type of Item: Informational Action

Please state your proposal briefly and clearly. What do you want the board to know, discuss, or decide?

I would like to attend a conference in Houston, TX, Sept. 15 + 16 "A Journey Through Autism Spectrum"

Provide history/background information on your proposal.

There is peer reviewed research that supports great difficulty in employment opportunities & transition services for individuals in ASD. This presenter is a Goldstandard in regard to knowledge & perception on this topic.

List the advantages of your proposal:

This workshop would allow me to better design and target services that are functional for students on the spectrum.

List possible disadvantages of your proposal:

I would miss some student contact time, but plan to front load services in Sept. so student services will not be impacted & IEP minutes will be met.

List possible alternatives that could also offer a solution to your proposal. Why were they not recommended?

This presenter ONLY does a few speaking engagements per year. A workshop of this quality is NOT offered locally.
