## Board Report

April 2026

- IAR and DLM testing have been completed. The staff did a phenomenal job planning and ensuring all students complete the assessments with the accommodations they deserve.
- Extended School Year plans are being arranged EC-12+. Extended School Year provides eligible special education students with services based on skill regression and delays in recoupment. This year all services are being provided between May 27 and June 11th. Teachers, paraprofessional support, supplies, space, and transportation are all being coordinated.
- Transition IEP meetings are being held for Early childhood students transitioning to Kindergarten. At these meetings we discuss progress made throughout the early childhood years and make plans for appropriate accommodations and specialized instruction needed in kindergarten. The Early Childhood and Zahnow special education team has a great job observing classrooms and developing plans.
- Plans for staffing needs throughout EC through grade 5 are being arranged. The number of students with IEPs and services outlined in those IEPs are being used to determine placement of resources throughout Zahnow, Rogers, and Gardner.
