STRATEGIC ANALYSIS OF MASTER SCHEDULE

- **Quality Master Scheduling = Strategic Resource Allocation**
- **Course Demand, Enrollment Data, ABOR Requirements (demand-driven design)**
 - Collect the data (inputs)
 - Demand & Access analysis
 - Scenario modeling (build 3–5 master schedule scenarios)
 - Test new course offerings using demand + pilot criteria
 - Attend to non-instructional constraints
 - Implementation & monitoring (build KPIs)
- **Access Audits**
- **Schedule Type**
- **Implementation Factors: staffing, facilities, and finances**
- **Scenario Modeling + Stakeholder Buy-in**
