AMPHITHEATER UNIFIED SCHOOL DISTRICT NO. 10**

---

**DATE OF MEETING:** April 27, 2010

**TITLE:** Approval of the 2010 – 2013 District Technology Plan

---

**BACKGROUND:**

The Arizona Department of Education dictates that each school district has a technology plan. They are built on a 3-year cycle. The new plan incorporates the latest Arizona Technology Standards. This plan fulfills the requirements for the State as well as E-Rate and Title IID funding. The current plan expires June 30, 2010.

A committee of twenty members convened for a full day on March 30, 2010, to complete the requirements of the Arizona Department of Education. The committee reviewed the past technology plan, identified the District's current reality and needs assessment, and developed strategies and action plans for those needs. The final draft was submitted to the Superintendent's Cabinet for review on April 14, 2010. The new plan must be submitted on-line by May 1, 2010.

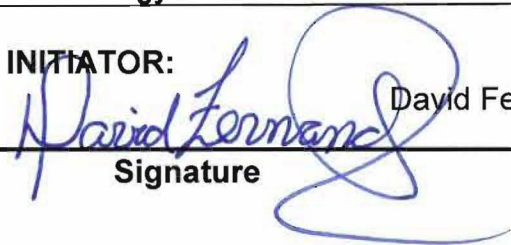

---

**Recommendation:**

The administration recommends the Governing Board approve the July 1, 2010 to June 30, 2013 Technology Plan.
