**SUBJECT: Strategic Planning:
Board's Message & Winter Retreat**

Memo No: SB23-065
(Informational Item)

NSBSD Strategic Plan Goal:

Education, a lifelong process, is the sum of learning acquired through interactions with one's environment, family, community members, schools, and other institutions and agencies. The School Board uses the Five Year Strategic Planning process as the overarching planning tool for the district; this plan is augmented by other department and state required plans such as the Six Year Capital Improvement Plan and School Improvement Plans.

Issue Summary:

The Board met on August 10, 2022 in a fall retreat with OnStrategy to create a statement to the public on the District's position and how it would move forward. OnStrategy is meeting with you to follow-up on the Board's message to the public and key priorities of the District for the upcoming winter retreat's strategic planning.

The winter retreat is set for the November/December months and will include revisiting the Strategic Plan and aligning the Strategic Plan with the upcoming budget discussions. The Board will need to select the location and date of the retreat for facilitators, venue, and rooms to be secured.
