Area Principal
SISD

Board Report
February 15, 2023

All campuses are moving smoothly at the moment.

I have spoken with ALL lead teachers and have met with most ASCs to cover the required Title I, Parent/student compact information, and the Strategic Plan for our district.

I attended the Region 5 Activity Directors meeting in Ketchikan last week. We discussed the upcoming year and the expectations of the region as well as the expense of travel in our region.

NASP Archery has been going great. I have included a few pics in my slide presentation. We are shooting this weekend.

BATTLE OF THE BOOKS was a huge success. Students came together where possible and also competed via zoom. Naukati came over to Coffman Cove for an epic battle.

Whale Pass students have been painting in elementary school and the Junior/HS has been building survival skills with fire starting, sharpening knife skills, building fish sets and crab nets, along with some great culinary arts (FOOD)! Which I am responsible for testing periodically.

- Coffman Cove students Charlie King, Reese Carver, and Austin Keys all entered pictures and artwork in the ASTE iDida Contest.
- Battle of the Books District teams have been decided! SISD will be well represented at State: **Naukati HS Team "MCC"**; **Coffman Cove-AK Trails MS Team "Author Unknown"**; the **Whale Pass 5/6th Grade Team "Raven Readers"**; the **Coffman Cove 3/4th Grade Team "The Grunts"** are all going to State!
- The Winter Fundraiser at Coffman Cove raised over \$2,000 for the ASC and supplied the local residents with enough desserts to start a bakery!
