Survey Pre-Work:

2023–2024 Allotment and TEKS Certification Form

In accordance with [Texas Education Code §31.004](#), local education agencies (LEAs) are required to certify annually to the State Board of Education (SBOE) and the commissioner that students have access to instructional materials covering all Texas Essential Knowledge and Skills (TEKS) for all required subjects, except physical education.

Additionally, in accordance with Texas Administrative Code [19 TAC §66.105](#), LEAs are required to certify that they protect against access to obscene or harmful content in compliance with the requirements for certification under the Children's Internet Protection Act, 47 USC §254(h)(5)(B) and (C). The TEKS Certification 2023–24 Survey includes a section to allow LEAs to certify they meet this requirement.

In response to feedback from last year's process, the agency refined the TEKS Certification Process and will utilize the following tools:

TEKS Certification 2023–24 Form:

Printable, hard copy of the survey to be completed offline and presented to the board of trustees or governing body for ratification and signatures.

TEKS Certification 2023–24 Survey:

Web-based application where LEAs will submit their responses, collected on the TEKS Certification 2023–24 Form, and where LEAs will upload the signature page of the Form.

This year's TEKS Certification Process requires:

- The completion of the TEKS Certification 2023–24 Form,
- Ratification by the LEA's board of trustees or governing body in an open, public-noticed meeting; and
 - Submission of the TEKS Certification 2023–24 Survey and upload of the ratified TEKS Certification 2023–24 Form.

TEA recommends that LEAs complete these steps by **May 1, 2023**. The TEKS Certification 2023–24 Form can be accessed at the following link on the [Instructional Materials webpage](#).

The state online instructional materials ordering system, EMAT, will close for annual maintenance on March 31, 2023 and is scheduled to reopen on May 15, 2023. **Completion of the TEKS Certification Process is required to regain access to allotment funds when EMAT reopens in May of 2023.**

TEKS Certification 2023–24 Survey submissions received after May 15, 2023, will typically be processed within five business days, then access to EMAT provided.

Instructions to Complete the TEKS Certification Process for 2023–24

1. **Review the TEKS Certification 2023–24 Form:** Print the fillable TEKS Certification 2023–24 Form found on the [Instructional Materials website](#).
2. **Gather information:** The form may require consultation with content area leads or other LEA staff.
3. **Complete TEKS Certification 2023–24 Form:** Complete the TEKS Certification 2023–24 Form by hand or digitally.
4. **Obtain needed signatures:** Ratify the **TEKS Certification 2023–24 Form** by the LEA’s board of trustees or governing body in an upcoming, open board meeting.
5. **Submit TEKS Certification 2023–24 Survey:** Complete the online TEKS Certification 2023–24 Survey by answering the questions. Inside the survey you will upload the signed Allotment and TEKS Certification 2023–24 Form from Step 4. The survey will be open for submissions beginning Monday, March 20, 2023, and will be located on the [Instructional Materials website](#).

Additional Supports

- The TEA will be hosting a webinar to review the TEKS Certification 2023–24 Process on *Monday, March 20, at 2:00 p.m. CDT*. You can find the registration link [here](#).
- The TEA will host office hours on *Tuesday, March 28, at 11:00 a.m. CDT*. Registration link for office hours can be found [here](#).
- For questions about the TEKS Certification 2023–24 form, survey, or process, please submit a [Help Desk ticket](#).

Review Terminology

- **Scope and Sequence:** A document that provides a brief outline of the standards and a recommended teaching order for a particular course/grade-level over the course of a school year.
- **Full-subject materials** (often referred to as Tier 1 or core materials): Full sets of materials designed to provide the teacher with everything needed to cover 100% of the Texas Essential Knowledge and Skills (TEKS) in a grade level/band, including scope and sequence, daily lesson plans, and student materials.
- **Supplemental materials** (may be used in Tier 1, Tier 2, or Tier 3 settings): Materials not designed to cover 100% of the TEKS but designed to complement, enrich, and/or extend supports in a particular subject and/or grade band.

TEKS Certification and Allotment Survey Ratification [Printed and uploaded PDF]

In accordance with Texas Education Code [§31.04](#), school districts and open-enrollment charter schools are required to certify annually to the State Board of Education and the commissioner that, for each subject in the required curriculum other than physical education, students have access to instructional materials that cover all the Texas Essential Knowledge and Skills (TEKS) for the coming school year. Additionally, in accordance with Texas Administrative Code [19 TAC §66.105](#), school districts or charter schools are required to certify that they protect against access to obscene or harmful content in compliance with the requirements for certification under the Children's Internet Protection Act, 47 USC §254(h)(5)(B) and (C).

These certifications must be ratified by local school boards of trustees or governing bodies in public, noticed meetings. Districts and open-enrollment charter schools will be unable to order instructional materials through EMAT until the certifications have been received by the Texas Education Agency (TEA).
