

LEGAL NOTICE

The Ozark Mountain School District and Lead Hill School District Boards have passed resolutions agreeing to submit a Petition for Change of Boundary Lines to the Arkansas State Board of Education, to be considered at its meeting of May 14-15, 2020 to be held at Four Capitol Mall, Little Rock, Arkansas. The Petition relates to the property north of Bull Shoals Lake which is currently in the Ozark Mountain School District. The Petition is for the property to be transferred to the Lead Hill School District through a boundary change. The reason for this requested change is because the property does not border Ozark Mountain School District, but does border, in part, the Lead Hill School District.
