Certified Staff Device Refresh 25/26

(Information)

Ms. Duell will present the proposed certified staff device refresh program for the 2025/2026 school year. This program requires Board approval due to the timelines associated with the quotes received. The Administration strongly recommends the approval of the purchase of new devices for certified staff to ensure they have the necessary technology for effective teaching and learning. This recommendation will come before the Board under the Consent Agenda at the May 6th board meeting.
