Presenter:

DESCRIPTION:

According to Minnesota Statutes § 275.14, the population of a school district must be certified by the Department of Education from the most recent federal census. In any year in which no federal census is taken, a population estimate may be made and submitted to the state demographer for approval.

The district census population is used to determine funding for Community Education programs. The 2025 updated census number, as determined by the State Demographer, is 37,068. This is an increase from the 2024 figure of 36,272. In 2020, it was certified at 34,441.
