TO: Dr. Youssef Mosallam, Superintendent
FROM: Ms. Penny Morgan, Director of Business Operations
RE: Business Report

A. ACTION ITEMS

- 1. Contract Award Recommendation for the Crestwood High School Fire Alarm System**

B. INFORMATIONAL ITEMS

- 1. Workers Compensation Clinic**
- 2. TruGreen**

A. ACTION ITEMS

- 1. Contract Award Recommendation for the Crestwood High School Fire Alarm System**

The attached Award Recommendation Letter, Attachment 5.A.1., from our Construction Manager, Auch, will be read as support to the following motion.

RECOMMENDED ACTION: That the Crestwood Board of Education accepts the firms listed in George W. Auch Company's Recommendation Letter dated February 6, 2020, Attachment 5.A.1., to replace the Crestwood High School Fire Alarm System. The total award recommendation for the project is \$217,000.

B. INFORMATIONAL ITEMS

- 1. Workers Compensation Clinic**

I met with a representative from OccMed Connect, an Occupational Health Provider to look in to the services they provide for districts. OccMed Connect is associated with 1st Choice Urgent Care, with locations in Dearborn, Garden City and Taylor. In addition to occupational health, they also provide CPR/EAD/1st Aid Training, OSHA Respiratory Protection testing, HIPPA training, Drug and Alcohol testing, and Employee Health Fairs with Biometric Testing. I have requested a proposal for the services they have to offer. I have included some flyers in the packet for informational purposes.

- 2. TruGreen**

The district has worked with TruGreen Commercial Lawn Care to take care of the football field and the weeds around the bus garage. The cost per year for the football field is \$2,112.18 and for the bus garage is \$525.00.
