### HEALTH CARE AND EMERGENCIES

BP 5141(a)

Note: In 2006, the Alaska Legislature passed SB 48, a component of which prohibits school personnel from referring parents to a specific health care provider. AS 14.30.171(a)(4). However, school districts may make available to parents a list of community medical and mental health resources. AS 14.30.176. These requirements are set forth in the policy below. Any referral to community resources must contain certain mandatory information, which is included in AR 5141.

The School Board recognizes the importance of taking appropriate action whenever an accident or illness threatens the safety, health or welfare of a student at school or during school-sponsored activities. The Superintendent or designee shall establish procedures to minimize the effects of an injury by providing first aid and/or medical attention as quickly as possible, to notify parents/guardians of the accident and to take other steps necessary in the interests of the student and the district.

#### **Emergency Contact Information**

To facilitate immediate contact with parents/guardians on such occasions, the School Board requires parents/guardians to furnish the schools with the current information specified below:

1. Home address and telephone number;
2. Parent/guardian's business address and telephone number;
3. Name, address and telephone number of a relative or friend who is authorized by the parent/guardian to care for the student in cases of emergency when the parent/guardian cannot be reached;
4. Local physician or health care provider to call in case of emergency.

*(cf. 5141.21 – Administering Medication)*

*(cf. 5141.3 - Health Examinations)*

#### **Referral to Community Resources**

Note: Under AS 14.30.177, school boards must adopt a policy that employees who refer parents to individual health care providers may be subject to disciplinary action. In 2006, such referrals became prohibited by law. AS 14.30.171(a)(4).

School personnel, except those possessing a special services type C certificate, should not recommend that a parent or guardian seek services from a specific physician, psychologist, or other health specialist. Violations of this policy may result in disciplinary action.

School personnel may provide a community resource list that identifies community medical and mental health resources. The Superintendent or designee is responsible for ensuring that any list of community providers complies with legal requirements.
