FUN STATS:

Course evaluation highlights from fall 2016 Adult Lifelong Learning classes:

- 96% of participants rate value of the class as good or excellent.
- 99% of participants rate quality of instructor as good or excellent.

New opportunities find success

In Community Education's Adult Lifelong Learning program, we believe in pursuing continual improvement as an effort to offer new, dynamic opportunities for adults in our community. Here are a few new opportunities that have been very successful this fall and winter:

Social Paint Night and Painting Buddies with Tree Croyle Johnson

Tree guides participants through the creation of the featured painting in a relaxed, welcoming atmosphere. Creativity, fun and mess-making are encouraged!

Message from Tree Croyle Johnson:

My experience with the Community Ed program has been great! The advertising is really effective and classes have a lot of promotion thanks to the catalog, website and emails. People are learning about the Hallberg Center for the Arts and the partnership has been really successful.

Stained Glass - Beginner and Advanced with Lisa Schwartz

Lisa provides instruction in creating stained glass pieces for beginners and advanced participants. She teaches both copper foil and leaded glass techniques to help people create beautiful pieces for their homes.

Message from Lisa Schwartz:

It has been surprisingly rewarding and educational to share my years of experience with people in my community. My students amaze and inspire me with the projects they tackle. Their enthusiasm has renewed my love for the work. Much thanks goes to the Community Ed staff for all the work they do to make these programs possible.

Co-ed Volleyball League

Seven teams participated in the first Co-ed Volleyball League this winter. While matches were competitive, the focus was on fun as teams competed to get their name on the FLASCE Co-ed Volleyball League trophy.
