

## On-time Funding Budget Resolution

**Background:**

Iowa schools are funded according to their enrollments but a year in arrears. This means we will be funded next year on a per-pupil basis for the students we count on October 1 of this year. This year our enrollment grew. But under the Iowa funding formula, we do not receive funding for this growth this year.

Under Iowa Code 257.13, On-time Funding Budget Adjustment, if a district's *actual* enrollment for the budget year is greater than its *budget* enrollment for the budget year, the district shall be eligible to receive an on-time funding budget adjustment. This on-time funding is from the local Cash Reserve Levy.

The adjustment shall be in an amount equal to the difference between the actual enrollment for the budget year and the budget enrollment for the budget year, multiplied by the district cost per pupil.

The board of directors of a school district that wishes to receive an on-time funding budget adjustment shall adopt a resolution to receive the adjustment and notify the school budget review committee annually, but not earlier than November 1, as determined by the department of education.

**Recommended Action:**

The Board is asked to adopt the resolution that appears on the next page.
