Travis Middle School September Board Report

The first weeks of school were amazing. Enrollment numbers:

- 6th grade- 37 students (98.87 percent attendance rate)
- 7th grade- 46 students (96.3 percent attendance rate)
- 8th grade- 37 students (97.97 percent attendance rate)

Travis cumulative attendance rate for the first 3 weeks of school- 97.62 percent

During the first week we set policies and procedures, including practicing fire drill, lockdown, shelter-in-place and evacuation drill. Students are adapting well to new personnel and new procedures.

RTI (Response to Intervention) and Enrichment classes during 8th period are up and running. Breakfast tutorials have begun. Students are attending at breakfast and after school to complete work or to attend after school detentions.

Volleyball and cross-country have begun. Football begins with a game against Memphis this Thursday at 5:00 p.m. at home.

Cell phone Friday breakfast begins this Friday. Attendance contests are in full swing. New guidelines for A and A-B Honor rolls go out with Progress Reports tomorrow.

Truly, it has been a very successful school year so far. No major problems of any kind. Teachers are great, parents are great, students are great. Not sure we can keep it up, but overall, Travis has had a great start!
