

BOARD STANDARDS

BB 9020

The Board believes that it should hold itself to high standards of performance, accountability and conduct in order to meet the public trust that has been bestowed by the public election of each member.

Therefore, the Board has used the Board standards established by the Association of Alaska School Boards to create guidelines specific to our District and which provide a framework for effective school governance and keep the Board's focus on student achievement.

Regular efforts will be made to orient new Board members to the Board standards, provide on-going Board development opportunities to assist all Board members in meeting those standards, and assess Board performance to measure the Board's effectiveness in meeting them.
